

Water Use and Quality in the Shale Boom

Energy Bar Association

Speaking Engagement

April 15, 2015 from 12:00 pm to 1:30 pm (EDT)

Washington, DC

Washington, D.C.

Partner [Wayne J. D'Angelo](#) participated in the "Water Use and Quality in the Shale Boom" panel for the Energy Bar Association. The panelists engaged in a discussion of the potential impacts of these developments on policy, regulation, and law as well as the water resources and quality concerns raised in areas with active hydraulic fracturing and shale development.
