

Wearable Computing

Women in Technology Summit

Speaking Engagement

June 1, 2015 from 6:15 pm to 7:15 pm (EDT)

Washington, DC

Senior associate [Kristi L. Wolff](#) will participate in the “Wearable Computing” session during the upcoming Women in Technology Summit. Ms. Wolff will provide a legal perspective for the session which will focus on one of the most hyped technologies in the past decade. Topics will include wearable computing/IoT initiatives, current drivers, challenges/opportunities, privacy/security, and interesting wearables/Internet of Things opportunities for the future.
