Pond Cleaning

One of our experienced technicians will:

- Safely move your fish to a temporary basin
- Prune and fertilize your plants
- Drain your pond to an area specified by you
- Power-wash the sides of the pond
- Vacuum the bottom of the pond
- Fill pond water to a level that is safe for the plants and fish
- Condition the water based on the entire pond volume
- Safely return the fish and plants to the pond

Fee Schedule

<u>Service</u>	<u>Fee</u>	
	Outside Frederick County, MD	Frederick County, MD

Additional services available:

- Saturday, Sunday or Holiday, per visit
- If we stay until the pond is full to turn off water, per hour
- Install pump, filter or sterilizer per hour
- Repair liner, per hour
- Cleaning out external bio-filters, per unit
- Cleaning waterfalls, per hour
- Removing decorative rocks from the bottom of the pond, per hour

Ponds up to 50 sq. ft. requiring over 4 hours on-site are subject to an additional fee per hr.

Ponds over 50 sq. ft. requiring over 6 hours on-site are subject to an additional fee per hr.

Traveling time beyond 46 up to 75 miles (per Mapquest), per visit.

If you would like to purchase items for your pond, we will deliver them at no additional charge. Installation and set-up is subject to fee as stated above.

Customer is responsible for electricity, water, providing legal off street parking for standard sized van and providing us with the following accurate information. Base on the information that you provide we properly stock our van and schedule time to complete the services that you have requested. If the information is not accurate or once on-site the services required are beyond what we have scheduled, we reserve the right to reschedule.

In order for us to accurately quote an estimate and schedule adequate time on-site, please have the following information handy when arranging an appointment:

- Size of pond (maximum length, width and depth)
- Last time pond was cleaned
- Number of plants total, any that may need divided
- Number and size of fish
- Any additional items you would like to purchase
- If your pond is lined with decorative rocks

Rescheduling:

We will reschedule pond cleanings in the event of threatening storms, rain, electrical storms, and temperatures over 85 degrees.

Maintenance

Once your pond is professionally cleaned, our technicians can provide ongoing maintenance so all you have to do is enjoy your pond. This visit will include an inspection of the pump and filtering system, cleaning filter mats, adding ponsparkle, pruning and fertilizing plants and skimming off surface debris.

Maintenance Visit, for ponds up to 50 sq. ft.	\$275	\$247.50
Additional Square Feet over 50 sq. ft.	\$1.75	\$1.75

Annual Contract & Prepayment Options

If you would like to schedule and prepay for one full year of complete pond care, you will earn a gift card valued at 10% of the total investment or 5% cash discount.

An annual contract consists of 2 pond cleanings-one in the fall and one in the spring and 5 maintenance visits between the two pond cleanings.
