

Tiger Claw Pneumatic Scrails for Installation Gun

Tiger Claw Pneumatic Scrail fasteners combine the speed of a nail and the holding power of a screw. This product has been specifically designed for use in the Tiger Claw Pneumatic Installation Tool for Tiger Claw hidden fastening clips such as TC-G.

Once installed, the Scrail can be backed out with a number 1 or 2 Phillips driver bit if need be. Tiger Claw Pneumatic Scrail fasteners are approved for use in ACQ and chemically treated lumber.
