What would you like for us to do?

- Refund
- Exchange for: \_\_\_\_\_
- Store Credit

**Note:** All returns are subject to a 20% restocking fee; however, this fee will be waived when making an exchange or requesting store credit.

Does your return meet the following requirements?

- Within 30 days of receipt of the original order.
- No electronic products, including sensors.
- Like-new condition, including all original packaging, accessories, manuals, etc.
- Packaged carefully. Please do not simply drop the product in a box and ship it out.

**Do not ship your return to us like these packages below. These are shipping failures of products sent back to MP. These returned items were damaged from bouncing around loosely in the box due to no packing/poor packaging.**

The wheel hubs damaged each other as they bounced around. The upper pipe had damage from the clamps flying around in the box and scratching the finish.

**Use cardboard, paper, old t shirts, or whatever else you can to prevent damage. The item should NOT BE LOOSE in the box. Use common sense, ship the item like the way we did to you to prevent damage. If the item arrives damaged when we receive it, you may be liable for the damage.**

You may ship your return by any reliable carrier (FedEx, UPS, US Postal, etc.). We recommend saving the tracking information provided by the carrier, and monitoring the delivery status of your return.
