

Welcome to the *Healthy Home* ADVANTAGESM

A NEW **STANDARD** OF LIVING

*Now included at no additional cost**

MERV 11 FILTRATION SYSTEM

The highest residential Merv rating. It will capture particulates such as dust, dander, mold spores, dust mite debris, pollen, AND it will also capture bacteria and some viruses.

RINNAITM TANKLESS WATER HEATER

Delivers pure and safer water. Because there is never any sitting water, the tanks don't corrode - no risk of mineral particulates getting into the water, which can happen with a tanked system.

TAEXXTM TUBES IN THE WALL PEST CONTROL

Creates a virtual barrier that keeps pests on the outside of your home. The chemicals don't penetrate your interior walls. Added benefit during a pandemic, no one enters the home to treat your space.

DELTATM VOICE IQ KITCHEN FAUCET

This faucet responds to voice commands in ounces, cups, quarts and gallons and even understands fractions. You can tell it to fill two cups at 95 degrees - touchless!

SHERWIN WILLIAMSTM PROMAR

A new standard low VOC interior paint & primer.

THREE USB PORTS

Convenience factor - with more people using virtual technology from home, no more searching for a USB plug.

KWIK SETTM WITH MICROBAN

Interior door hardware with Microban technology incorporated into the finish (limited finish/styles) during the manufacturing process. Microban lasts the lifetime of the hardware finish.

WIRED ACCESS POINTS

Enables the user to connect devices which need Wi-Fi access to a wired network. Allows for a broader range of transmission, far better coverage for multiple users Zooming/streaming at the same time. Allows the parent working from home to conduct business while a houseful of kids are streaming on multiple devices.
