## **What David Knew About God: God's Love Satisfies You in a World that Can't**

Psalm 63

(black Bibles page 479; Children's Bibles page 710)

You talk about what you love

- What you love changes how you live
- If you love the Lord, you will live joyfully

This is a hard world to live in

- It doesn't satisfy your soul
- Your body doesn't always work correctly
- You have enemies who want to hurt you

You can live happy in a hard world

- It takes real effort
- What do you need to do?

- Remember: God has saved his people because he loves them
- Remember: God has loved you specifically

To have joy: seek the Lord like you seek nothing else

- Which means that left to ourselves, we won't have joy
- But then ... neither would David
- We're not left to ourselves
- the true King did what we could not do ...
- ... so that we join him now in what he does
