OUR MISSION

Radiant Life® strives to offer transformative products, information, and resources that promote optimal health and sustainable living. By combining the best traditions and insights from our human past with the latest findings of independent scientific research, Radiant Life serves those who wish to discern the truth underlying conflicting health opinions and fads.

OUR PHILOSOPHY

Our passion and belief in self-empowerment for health, wellness and nearly all areas of our life, begins with nutrient dense foods prepared in our kitchen from the best organic and all natural products. From fresh produce, wild-caught seafood, and meats from 100% grass-fed and pastured animals, we believe in eating real foods and supporting the local farmers and fisherman who bring those to us.

Although it’s not always easy in this day and age, this is what our company is all about: rediscovering what it means to nourish the body simply and fully. An abundance of archaeological and multidisciplinary research has demonstrated that it is possible to enjoy very high levels of strength, vitality, longevity and vibrant health when our bodies are fueled with synergistic whole foods and our environments are clean. We call this traditional wisdom “native nutrition” or “ancestral health,” based on the incredible work of Dr. Weston A. Price.

What began as our own family pursuit for health maintenance has evolved into a way of life and a desire to share this passion for holistic living with others. The development of our company approach, The Radiant Wellness Pyramid (as pictured to the right), and the collection of products in this catalog is the result of many years of research. We offer the very finest nutritional foods, air & water purifiers, health equipment, personal care products and related information and resources available. It is our hope that these too can help you and your future generations live a more radiant life.

HEALTHY FATS & OILS

These oils are recommended in The Weston A. Price Foundation’s Shopping Guide Best Category. Research shows that butter oil and cod liver oil, taken together, provide complementary factors leading to proper essential fatty acid balance. High-vitamin butter oil contains arachidonic acid (AA), an omega-6 fatty acid, while cod liver oil is rich in eicosapentaenoic acid (EPA), an omega-3. The saturated fatty acids in the butter oil promote efficient utilization of the unsaturated fatty acids in the cod liver oil. Finally, butter oil contains a broad and deep range of important quinones including Vitamins K and E, along with CoQ enzymes, while cod liver oil is rich in Vitamins A and D.

Radiant Life Coconut Oil

The creme de la creme of coconut oils! Radiant Life Coconut Oil is produced in the Philippines and Thailand from fresh coconuts opened within 48 hours of being picked from the trees, and immediately processed into oil. The oil is extracted by centrifuge without heat and using absolutely no additives. All of the valuable nutrients and enzymes are retained. With an incredibly smooth texture and lovely taste and aroma, our unique oil contains a whopping 57% lauric acid and is higher in medium chain fatty acids than any other coconut oils we have seen. It can be used in most cooking applications and will not overpower other flavors.

#01301 Pint (16 oz glass container) $16.95
#01302 Quart (32 oz glass container) $24.95
#01303 Gallon (128 oz plastic container) $69.95
#01304 Pail Opener $4.95

X-Factor Gold High Vitamin Butter Oil

From the fertile soils and green grasses of the Midwest comes a most incredible whole food supplement: raw, grass-fed, X-Factor butter oil! It is the job of happy Milking Shorthorn and Devon cows to munch growing green grasses and to produce rich creamy milk, which is then skimmed and centrifuged to make beautiful, golden butter oil. Rich in essential fatty acids and conjugated linoleic acid (CLA), and vitamin K2, Dr. Weston A. Price found it to be important in supporting the uptake of minerals in the diet.

Blue Ice Fermented Skate Liver Oil

Abundant in vitamin A, D, E, K2, the full range of omega fatty acids, plus chondroitin, squalene, and alkoxyglycerols, Skate Liver Oil is lower in vitamin A but higher in vitamins D and E than cod liver oil.

#05801 Spicy Orange Liquid (8.1 oz) $43.95
#05802 120 Non-Gelatin Capsules $29.95

Blue Ice Fermented Cod Liver Oil

Blue Ice fermented cod liver oil is produced using ancient traditional methods of extraction, yielding an extremely pure, high vitamin oil that has never been heated! This oil is a rich source of vitamins A and D, as well as essential fatty acids EPA and DHA, otherwise known as the "Omega 3s." This precious oil is thick and rich, full of naturally occurring nutrients.

Blue Ice Infused Virgin Coconut Oil

Bariani Extra Virgin Olive Oil
Bariani is a supremely high-quality olive oil; harvested and processed the way it was done for thousands of years directly at a small family farm. This first-pressed olive oil is hand-picked, milled with a stone wheel within 48 hours of harvesting, and pressed with a hydraulic press. Grown in the Central Valley of California, Bariani Olive Oil is pesticide free and packaged in a dark glass bottle to protect from oxidation. Bariani Organic Olive Oil is Stone Crushed, Cold Pressed, Decanted and Unfiltered California Extra Virgin Olive Oil. Exquisite! For the perfect combination, consider complementing Bariani Olive Oil with complex, wood-barrel aged Bariani Balsamic Vinegar!

Pure Indian Foods Grass-Fed Ghee
By far, this grass-fed organic ghee stands alone among all the ghee products we have tasted! Known as the “Royal Oil”, clarified butter is excellent for cooking, with snacks, and even on skin as a moisturizer. With all the milk solids removed, ghee is casein and lactose free, making it easy to digest. It is rich in healthy fat soluble vitamins which aid in the absorption of nutrients in foods. Our ghee is proudly made in the USA from nonhomogenized milk and it is USDA Certified Organic. Use measure for measure in recipes calling for butter.

Jungle Virgin Red Palm Oil
Palm oil is back! After years of exile by misinformation, health-conscious people are embracing palm oil for its many unique qualities. This unrefined, extra-virgin palm oil comes from wild, organic palms from Brazil. Harvested in small villages where the palm has been grown, extracted by hand, and pressed into oil for centuries, fair trade practices ensure the economic sustainability of the villagers. A fabulous source of carotenoids and vitamin E, this luscious thick red oil is excellent for frying, sautéing, or baking. Enjoy red palm oil in your kitchen and celebrate the return of another native food to our modern diet!

WHAT IS THE BEST WATER TO DRINK? Good water is essential to your body’s health—after all, your body is made up of over 2/3 water! But not all water is created equal. How do you sort through all the claims out there about water filters and water purifiers? We can help.

AquaCera

Countertop Filtration System
This elegant free-standing water filtration system reduces fluoride, chlorine chloramines, arsenic, parasites, odor, sediment and much more from your drinking water! Designed to be easily installed through a diverter valve that attaches to almost any faucet, this system requires no modification to existing fixtures or plumbing. Although it does not provide the highly polished and purified water of our 14-Stage Biocompatible Water System, some find this type of filtration preferable because of its simple installation, lowcost maintenance, and portability. The system is available in two durable finishes: classic stainless steel and BPA-free plastic.

#10701 Food Grade Plastic $119.00
#10702 Stainless Steel $235.00

Under-Counter Filtration System
This aesthetically pleasing system offers one of the best long-term solutions for drinking water filtration. Using the same, highly effective NSF certified filtration technologies as the AquaCera Countertop Filter, this easy-to-install unit stays neatly hidden below the counter for seamless integration into your kitchen. Considering this system’s compact size, overall functionality, and high level of contaminant removal, it indeed represents the next generation in kitchen water filtration. Twin filter systems provide the additional benefit of reducing fluoride and/or heavy metal sediments, and are highly recommended for individuals struggling with these contaminants in their water supply.

K107-001 Single $129.00
K107-003 Twin $213.00
14 Stage Biocompatible Water Purification System

If your goal is to attain 100% pure water, a comprehensive purification system is a requirement. Radiant Life offers the BEST water purifying system for drinking water on the market today. Fluoride, lead, chlorine, chloramines, MTBE, chromium-6, nitrates, pesticides, pharmaceutical residues, water-borne illness—you name it; this is the only system that can completely take out whatever is in your water! In a unique 14 stage process, our water purifying system removes all toxins, all of the time, resulting in drinking water that is:

- Purified
- Sterilized
- Restructured
- Remineralized
- Alkaline rebalanced
- All in one low-maintenance system!

There are several key things that make our 14-Stage system unique. First, it incorporates three purifiers (reverse osmosis and two deionization purifying stages) to form the foundation of the system, which ensures 99.999% purification. Along with our pre- and post-filters and quartz UV light for added protection against bacteria and pathogens, these first seven stages are designed to remove all toxins in your water, no matter if you even know what they are! The creation of healthy, hydrating biocompatible water, is completed in the second seven stages of this system. Here the water is balanced, restructured, and remineralized to mimic the best waters in nature and give you the alkaline, silky water that you will love.

Give your body what it’s thirsting for: biocompatible water—for rapid hydration and optimal health.

Water Purification & Filtration

Do you know what’s in your water?
Order a water test and save up to $150 on the Whole House or the 14 Stage Purification System.

Whole House Filtration Systems
Over the last few years, most water districts have started adding chloramines (chlorine + ammonia) to our water. This dramatically changes the landscape of water filtration and purification because unlike chlorine, chloramines are very hard to remove, and they leach metals like copper and lead from your pipes into your water. Our Series 4 Whole House Filtration Systems are designed to remove chlorine, chloramines, fluoride and a broad range of chemicals to create excellent bathing water and healthy water for your garden, while protecting your plumbing from the ravages of chloramines. These superior systems are designed for incredibly long-lasting service and low maintenance, offering a complete solution to whole house water treatment.

Whole House Water Conditioning Systems
If you have water that is high in minerals such as calcium and magnesium this will result in what is known as "hard" water. You will see and experience evidence including suboptimal Sudsing or lathering, water stains, calcification on water fixtures, and possibly clogged filters in your washing machine and other fixtures. If these conditions are present, a whole house water softener may be the appropriate solution for you.

Shower Filters
RAINSHOW’R CQ-1000 FILTER
These state of the art Rainshow’r filters combine premium KDF filtration materials with Crystalline Quartz technology to take out 90+% of chlorine and simultaneously act on the water to create a softer, more energized shower feeling, as well as improved lathering and sudsing.

- #03301 CQ-1000 Filter $45.25
- #03309 Filter Replacement Cartridge $29.50

NEW CENTURY SHOWER FILTER
The New Century Shower filter is designed to be environmentally friendly, with less plastic and longer lasting. Enjoy silkier hair, young looking skin and angst-free showers, breathe easy with this high quality filter.

- #03302 New Century Filter $61.99

Crystal Bath Ball
This little innovation allows you to enjoy baths without breathing or absorbing all that nasty chlorine (and up to 30% of chloramines)! Just swish it around for 5 to 8 minutes before you get in—that’s all there is to it! Great for your own bathing needs, but especially important for infants and children. Also, take it with you when you travel and stay in hotels. One ball lasts for approximately 200 baths and replacement filters are available. Don’t forget—if you absorb a lot of chlorine standing in a shower, imagine how much you absorb immersed for 20 minutes in a hot bath! Get the Crystal Bath Ball and your skin, hair, lungs, and organs will thank you.

- #03303 Complete Unit $44.25
- #03310 Filter Replacement $33.75

Garden Gro
Your soil is alive! Let our garden filters keep it that way. You won’t drink chlorine- so why spray it on your garden plants? Rainshow’r’s Garden Gro filter and hose incorporate the same proprietary KDF and quartz technology as in their shower filter so that your garden can be as healthy as possible. Remember, healthy soil is made of beneficial bacteria, molds, fungi and microbes, the very things chlorine is used to kill!

The Green Knight Dechlorinator model is specifically designed for filtering tap water when filling hydroponic nutrient tanks. If your water has a high mineral content consider adding a pre-filter to prevent sediment from reaching your garden filter. The pre-filter must be ordered separately.

- #03308 Garden Gro Filter $75.50
- #03311 Replacement Filter $47.75
- #03314 Pre-filter Kit $51.25
- #03313 Green Knight Hydroponic Dechlorinator $93.00

Get a FILTER or be the FILTER!

Did you know that by putting your fingers for 15 seconds into an ordinary glass of municipal tap water you absorb over 80 percent of the chlorine into your body? Imagine how much chlorine you absorb in a 10 minute shower! What’s more, chlorine is not only absorbed by your skin, but inhaled from the steam and spray, where it goes directly into your bloodstream.

Chlorine creates dry hair, flaky skin, accelerated aging from free radical damage, reduced oxygen transport in lungs, and destruction of vitamins in the body. If you have chlorinated water and want to be healthy, a whole house, shower or bath filter is a must!

#06424 5 lb $49.00
Earthing is among the most natural and safe things you can do. The Earth is our natural healer and source of life. Throughout time, we have strolled, sat, stood and slept on the ground—connecting with its omnipresent energy. Earthing is the landmark discovery that the ground’s energy upholds the electrical stability of our bodies and serves as a foundation for vitality and health.

Earthing Sheet Kits
Placing your bare feet or any part of your body on this sheet grounds your body to the Earth during sleep. The earthing sheet connects to the Earth with a ground cord. One end of the cord snaps onto the sheet. The prong end of the cord inserts into the ground port of an electrical outlet or connects to a ground rod (included with each kit). Earthing Sheets are natural color, made from 300 thread count 100% natural unbleached and undyed Egyptian cotton with conductive silver fibers. The earthing sheets fit the mattress similar to a regular bottom fitted sheet. Available in the six different sizes:

- #05407 Cal-King Sheet $209.99
- #05408 King Sheet $209.99
- #05409 Queen Sheet $199.99
- #05410 Full Sheet $189.99
- #05411 Twin XL Sheet $179.99
- #05412 Twin Sheet $179.99

Earthing Half Sheet
The Earthing Pad (also known as a half-sheet or Bed pad) is conveniently placed at the foot end of bed, over the bottom fitted sheet, and tucked around and under the mattress. It can also be placed length-wise on the bed. If you are unsure if your residence has grounded outlets, we highly recommend ordering an outlet checker (Item# 05424).

Half-Sheet is 36” x 120” and accommodates all mattress sizes.

- #05406 Half Sheet $169.00

Earthing Recovery Bag
Initially designed for Tour de France cyclists, this versatile Recovery Bag has become very popular among athletes and travelers. Slip into it as you would any sleeping bag, or use open to accommodate two people sleeping on top of it. The bag is earth tone in color and is 90” long by 80” wide unzipped.

- #05413 Recovery Bag $259.99

Earthing Mat
Ground while working or relaxing! Made from sturdy conductive carbonized rubber, the universal earthing mat can be used anywhere as a barefoot floor mat, desk mat, mouse pad or on a chair, couch or bed. This 10” x 27” mat comes with a 15-ft wire, grounding outlet checker and soft cover to offer broad flexibility in the house or office.

- #05405 Earthing Mat with Cover $59.00
Can you go barefoot every day?

Modern lifestyles with cars, buildings and rubber shoes have limited our direct contact with the Earth’s surface. Growing scientific research proves that reconnecting with the Earth’s energy provides a way back to better health. If you cannot go barefoot every day, consider grounding while you are working or sleeping with these products!

**Earthing Car Seat Pads**
These durable mats can be placed over your car seats to neutralize the micro-electrical charges created by road vibration and related body motion during travel. With these charges eliminated, drivers report feeling better and more alert when driving. Each pad measures 10”x 10”.

#05414  Earthing Car Seat Pads  $39.00

**Earthing Premium Starter Kit**
Enjoy all the benefits of earthing in your home with one simple kit. This Premium Earthing Starter Kit comes with a money-saving combination of an Earthing Half Sheet to use on your bed when you sleep, and an Earthing Universal Mat for use elsewhere in your home or office during the day. It is also complete with a complimentary Earthing book, user guide, outlet checker, grounding rod, continuity tester and all necessary cords to get you connected right away!

#05403  Earthing Premium Starter Kit  $199.00

**SAVE $100 by purchasing the kit**

LET NUTRIENT DENSE FOODS BE THY MEDICINE! Fuel your body with the beautifully balanced, delicious foods that nature intended. Eating pure, whole foods is the foundation to creating optimal health and a sustainable lifestyle. Our foods are minimally processed, beyond organic, non-GMO and additive-free—just the way our ancestors knew them to be!

**FLOUR**
This gluten free flour has a distinctive nutrient and fiber composition that is lower in digestible carbohydrates and higher in beneficial protein than alternatives, making it a healthy choice for cooking and baking. This minimally handled flour leaves vital stores of lauric acid and manganese intact, providing a taste of the natural goodness of a raw coconut. Soft and full in texture, it adds a subtle sweetness to baked goods and is easily substituted into favorite recipes.

- #01306  2.2 lbs  $11.85

**SPREAD**
Enjoy the essential health benefits of coconut with this deliciously smooth, buttery spread. Pleasantly aromatic and delightfully balanced, it has a slightly sweet coconut taste and a texture that melts on your tongue. Radiant Life Coconut Spread is 100% organic and delicately handled, resulting in a product unlike any other. Enjoy it mixed with other nut butters, on apples or celery, whipped in a frosting, or added into your favorite sauces.

- #01305  16 oz  $8.75

**CHIPS**
Organic and truly raw, Radiant Life Coconut Chips are definitively unique in flavor, texture and nutritive value. These delicious, chewy slivers of unsweetened coconut bring you the full spectrum of health benefits associated with a beloved raw coconut. They come from freshly harvested wild coconuts and are carefully low temperature dehydrated to preserve the full spectrum of vital nutrients. Add to trail mixes, or simply enjoy on their own as a tasty snack!

- #01308  3 lbs  $17.50

**FLAKES**
Made from the same pure dehydrated coconut meat as our Coconut Chips, these delicate flakes are finely shredded to be easily incorporated to your favorite coconut recipes or sprinkled atop real foods desserts. Free of additives, dyes, sweeteners and preservatives, we are proud to offer a product that is simple, unadulterated coconut in all its natural richness.

- #01307  4 lbs  $23.25

Better Than Roasted
An exquisite line of soaked, sprouted, dehydrated & certified organic raw nuts!
Better Than Roasted™ products are:
• Whole, Premium, Raw Nuts
• No Preservatives, Non-GMO
• USDA Certified Organic
• Certified Kosher
• Sprouted Superfoods
• Made Fresh in Small Batches
• A Peanut-Free and Soy-Free Facility

Careful preparation maximizes the bioavailability of essential vitamins, minerals, and nutrients in both the nuts and seeds. The process begins with premium nuts and seeds that are raw, whole, and certified organic. They are then hand sorted, soaked, rinsed, and dried at a low temperature, not exceeding 108°F to preserve temperature-sensitive enzymes and nutrients. The end result is sprouted and dehydrated nuts and seeds that not only taste great, but are easier to digest.
