WARNING

- * Switch off the main electrical supply from the main fuse box / circuit breaker before installation.
- * Inspect item carefully before attempting to install.
- * If there is any damages or obvious defects, do not install.
- * Item may not be returned once it has been installed.

CARE AND MAINTENANCE

- * To clean the outside of the fixture, use a dry or slightly dampened clean cloth (use clean water, never a solvent) to wipe the surface of the fixture.
- * To clean the inside of the fixture, first disconnect power to the fixture by turning off the circuit breaker or by removing the fuse at the fuse box. Next, use a dry or slightly dampened clean cloth (use clean water, never a solvent) to wipe the interior surface of the fixture.
- * Do not use any cleaners with chemical, solvents or harsh abrasives. Use only a dry soft cloth to dust or wipe carefully.

NOTICE& IMPORTANT SAFETY INSTRUCTIONS

- ** WE RECOMMEND INSTALLATION OF THIS LIGHTING FIXTURE BE DONE BY A LICENSED ELECTRICIAN **
- * Please make sure that you have all parts indicated before you begin assembly of this item
- * This item should be assembled on a soft surface to prevent scratching the finish during assembly
- * To reduce the risk of fire, electrical shock or injury to persons or property, please follow the guideline below for safe use and installation
- *The external flexible cable or cord of this lamp cannot be replaced If the cord is damaged, the lamp shall be destroyed

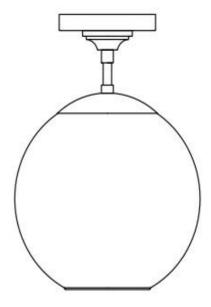

Part List and Hardware List

Model#: FLU4102

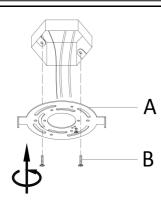

Product Dimensions: 10"D X 13"H

PREPARATION

- * Before beginning assembly of product, make sure all parts are present. Compare parts with package contents list and hardware contents list.
- * If any part is missing or damaged, do not attempt to assemble the product.
- * Estimated Assembly Time: 20 minutes.
- * Tools Required for Assembly (not included): Screwdriver, Junction box
- * If you are having difficulty, our friendly Customer Care team is always here to help. Please email customersupport@safavieh.com

NOTE: PLEASE USE TYPE"B" BULB MAX 25-WATT OR CFL BULB MAX 9-WATT OR LED BULB MAX 5-WATT, THERE IS LED 4-WATT BULB IN THE BOX

Step 1: Unpack all parts from cartons carefully. Separate the Mounting Plate (A) from the Lamp Body (F) by removing the Retaining Screw (E) anti-clockwise. Fix the Mounting Plate(A) to the junction box with Mounting Screw (B).

Step 3: Wire connection

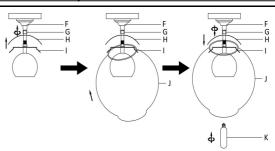

Connect fixture neutral wire (ribbed) to the outlet box neutral wire (usually white) using a wire connector (A).

Connect fixture hot wire (smooth with markings) to the outlet box hot wire (usually black) using a wire connector (A).

CAUTION: Do not reverse the hot and neutral connections

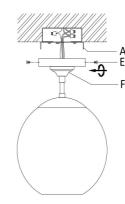

Grounding Instructions:

Wrap ground wire from outlet box around green ground screw(C) on mounting bracket, no less than 2" from wire end. Tighten ground screw. If fixture is supplied with a ground wire, connect to outlet ground wire with a wire connector (A). Step 3: Attach the Lamp Body (E) to the Mounting Plate (B), and secure with the Canopy Nut (F).

Step 2: Loosen the Nut (G) and Socket Bracket I).

Have the opening of Glass Shade (J) go over the socket, insert one side of Glass Shade (J) opening over the Socket Bracket (I), then adjust the Glass Shades (J) position and put the other side of the Glass Shade (J) over the other side of the Socket Bracket (I), then position against the Cap (H). Carefully adjust the Glass Shade (J) placement and have it sit centered on top of the Cap (H). Then thread down the Nut (G) and tighten together both Socket Bracket (I) and Glass Shade (J). Insert the Bulb (K) into the Socket

Step 4: Tuck wires inside junction box. Attach the Lamp Body (F) to the Mounting Plate (A) and secure with Retaining Screw (E)
