

## Providing Opportunity to Women

Life is not easy in rural Bangladesh, where natural disasters, invasive poverty, and prevalent sickness are common. Jobs are scarce, especially for women. One of Serrv's Bangladeshi partners, CORR-The Jute Works, has worked for over 40 years to provide income and opportunity to rural Bangladeshi women. Etia has created terra cotta handcrafts for CORR for 20 years, and this has enabled her to send her daughter Shokina to school, where she excels.
