Every item in our catalog is handmade by a talented global artisan or farmer working to support themselves and their family.

More than that, every one of these handmade items creates opportunity.

- **Women in Uganda** earn financial independence by weaving beautiful raffia baskets.
- **Artisans with disabilities in Vietnam** earn an income through quilling and paper crafting.
- **Women in Bangladesh** are freed from sex trafficking through income gained by crafting soap.

Behind every fine handcraft and food we sell are more examples of how we’re fighting global poverty through opportunity.

With your purchase, we can empower artisans and farmers to build better lives for themselves, their children, and their communities.

**a better world in the making™**

A fair trade nonprofit since 1949, SERRV International empowers small-scale global artisans and farmers through long-term trading partnerships, helping them build sustainable employment, resources, rights and a vision of hope in their communities.

Since 1949, SERRV has worked with artisans and farmers around the globe, helping them earn income where job opportunities are scarce.
