The Honorable Paul Ryan
Speaker
U.S. House of Representatives

The Honorable Nancy Pelosi
Minority Leader
U.S. House of Representatives
Washington, DC 20515

Dear Speaker Ryan and Minority Leader Pelosi:

As organizations dedicated to reducing maternal mortality and improving maternal health, we write to express our strong support for House passage of H.R.1318, the *Preventing Maternal Deaths Act*, a bill sponsored by Representatives Jaime Herrera Beutler (R-WA), Diana DeGette (D-CO), and Ryan Costello (R-PA). We commend the bipartisan effort to advance this legislation to address maternal mortality and urge Congress to quickly send the *Preventing Maternal Deaths Act* to the President's desk for his signature before the Congress adjourns.

Our nation faces a growing crisis in maternal health. More women die from pregnancy-related complications in the United States than in any other developed country, and the rate of maternal deaths continues to rise. Major disparities in maternal mortality exist, with black women three to four times more likely than white women to die during pregnancy or shortly after birth. Moreover, for every maternal death that occurs, an estimated 100 other women suffer severe complications of pregnancy or childbirth. We must act now – in the 115th Congress – to reverse this trend and save mothers' lives.

This important legislation is the beginning of a longer-term solution toward eradicating preventable maternal death and improving maternal and infant health in the United States. The *Preventing Maternal Deaths Act* will accelerate progress toward ensuring that every state has a high-functioning process for identifying the causes of maternal mortality and translating recommendations made by maternal mortality review committees to meaningful action. This legislation will also advance efforts among states to standardize the collection and analysis of data so that we can develop a national understanding of why mothers are dying in the United States and what it will take to reverse this tragic trend.

We thank you for bringing this important legislation to a vote and we express our strong support for House passage of the *Preventing Maternal Deaths Act*.

Sincerely,

1,000 Days
