Official Service Contractor

Show management, acting on behalf of all exhibitors and in the best interest of the exposition, has appointed AGS Expo Services as the official service contractor to perform and provide necessary services and equipment.

Official service contractors are appointed to:

- a. Ensure the orderly and efficient installation and removal of the overall exposition.
- b. Assure the distribution of labor to all exhibitors according to need.
- c. Provide sufficient labor to satisfy the requirements of exhibitors and for the exposition itself.
- d. See that the proper type and limits of insurance are enforced.
- e. Avoid any conflict with local Union and/or exhibit hall regulations and requirements.

Exceptions are:

- f. Supervision may be provided by the exhibitor.
- g. The exhibitor may appoint an exhibit installation contractor or display builder.

Exhibitor Appointed Contractors (EACs)

Exhibitors may employ the service of independent contractors to install and dismantle their exhibit, providing the exhibitor and the installation and dismantle contractor comply with the following requirements:

1. The exhibitor must notify, in writing, show management and AGS Expo Services of the intention to utilize an independent contractor no later than 30 days prior to the first move-in day by completing the Notification of Intent to Use Non-official Service Contractors Form contained in this Service Manual.
2. The exhibitor shall provide evidence that the Exhibitor Appointed Contractor (EAC) has a proper certificate of insurance with a minimum of \$1,000,000 liability coverage including property damage and Worker's Compensation naming AGS Expo Services as additional insured to show management and AGS Expo Services no later than the deadline date listed for EACs.
3. The exhibitor agrees that they are ultimately responsible for all services in connection with their exhibit including freight, drayage, rentals, and labor.
4. The EAC must have all business licenses, permits, and Worker's Compensation Insurance required by the state and city governments and the convention facility management prior to commencing work and shall provide show management with evidence of compliance.
5. The EAC will share with AGS Expo Services all reasonable costs related to its operation including overtime to pay for stewards' restoration of exhibit space to its initial condition, etc.
6. The EAC will provide AGS with the names of all on-site employees who will be working on the exposition floor and see that they have and wear at all times necessary identification badges as determined by show management or the facility.
7. The EAC must be able to provide evidence that it has a valid authorization from the exhibitor for services. The Exhibitor Appointed Contractor may not solicit business on the exhibit floor.
8. The EAC must confine its operations to the exhibit area of its clients. No service desks, storage areas, or other work facilities will be located anywhere in the building. The show aisles and public spaces are not a part of the exhibitor's booth space.
9. The EAC shall provide, if requested, evidence to AGS Expo Services that it possesses applicable and current labor contracts and must comply with all labor agreements and practices.
10. The EAC must not commit, or allow to be committed by persons in its employment, any acts that could lead to work stoppages, strikes or labor problems.
11. The exposition floor, aisles, loading docks, service, and storage areas will be under the control of the official service contractor, AGS Expo Services. The EAC must coordinate all of its activities with AGS Expo Services.
12. For services such as electrical, plumbing, telephone, cleaning, and drayage, no contractor other than the official service contractor will be approved. This regulation is necessary because of licensing, insurance, and work done using equipment and facilities owned by parties other than the exhibitor. Exhibitors shall provide only the material and equipment they own and to be used in their exhibit space.

METHOD OF PAYMENT FORM

Payment Terms and Conditions

AGS Expo Services has established the following terms and conditions of sale and rental for all services rendered by AGS to all clients, exhibitors, and third parties:

1. By providing a signed copy of a Method of Payment Form and selecting "Keep this Method of Payment on file for future events," you are establishing a company account with AGS Exposition Services, Inc. for one (1) calendar year for all active and future account transactions, regardless of event or project. It is the ultimate responsibility of the exhibitor to maintain an active credit card on file for services. Third party credit cards will be exempt from this policy, when identified as such, on the Method of Payment Form. Therefore, third parties will have a single event/project account established during the period of service.
2. All materials and equipment are on a rental basis and remain the property of AGS Exposition Services, Inc. except where specifically identified as a sale.
3. Payment of balances may be remitted in any form which complies with AGS Expo Services' Methods of Payment. Please note that any orders submitted without a method of payment, or any outstanding balances incurred, will be applied to the primary credit card on file. AGS Expo Services will accept payment by cash, company check, Visa, MasterCard, or American Express. All payments must be made in U.S. Funds.
4. AGS may accept Wire or ACH funds transfers to cover open or advance deposit for service. Regardless, a credit card is required on file. All transfers must be noticed to AGS via a trackable letter carrier service (attention to the event, company name, booth number and associated services) and the funds transferred at least ten business days prior to the first day of move-in for the associated event. If transfers are not noticed, and processed without details, AGS cannot guarantee the appropriate payment or credit to account. Fees apply to all transfers both by the processing institution as well as by AGS policy noted on the Method of Payment form. AGS may withhold services where payments are short/deficient due to fees.
5. If an exhibitor or third party requests a balance transfer from one Method of Payment to another Method of Payment, a Transfer Charge of 7% will be assessed on the total transferred balance. Transfers will only be made within a single established account.
6. AGS Expo Services reserves the right to check the credit available on any card presented. If the exhibitor fails to review/pay an open invoice/statement prior to the close of the show, the charges will automatically be applied to the credit card on file.
7. To receive a discount, payment must accompany your advance order and be received prior to the deadline date on your order form.
8. All orders must be accompanied by a Method of Payment Form. Orders without a Method of Payment Form will be applied to the primary method of payment on file. No balance transfers will be allowed after an order has been processed.
9. AGS Expo Services requires payment for all services upon presentation of an invoice/statement at the exhibit site and exhibitors will be required to settle their accounts in full prior to the close of the exhibition/event.
10. AGS Expo Services may from time to time audit and adjust accounts after the close of show. No statement or invoice is considered final, whether presented in advance, during, or after an event/project. Please know that some services are actually considered estimates and therefore not calculated for actual payment until after the service is rendered. These services may include, but are not limited to, Labor, Material Handling, Furnishings, and other rental and sale items within the Exhibitor Service Manual or quoted for custom sale/rental. As a result, adjustments/additions to billing may occur. Any balances that arise from an audit will be billed to the method of payment on account, or will be required to be paid in full upon presentation of an invoice/statement if no valid method of payment exists.
11. Payment for all labor, equipment, and services whether ordered by the exhibitor, display builder, non-official/third party contractors, or other parties shall be the ultimate responsibility of the exhibiting company.

Payment Terms and Conditions

12. If your firm or agency requires a purchase order to be issued for any services rendered, such purchase order must accompany the order form(s). Government agencies please be advised.
13. Exhibitor/Third Party shall be responsible for any excise, property, sales, or other taxes which may be levied or imposed upon the exhibitor/third party as it relates to different state and federal tax laws. In the event a tax code or levied rate should change after the publishing date of a form and/or prior to fulfillment, your invoice may be adjusted as required by law.
14. Tax Exemption Status - If your company is exempt from payment of sales tax, AGS requires you to forward an Exemption Certificate for the state in which the services are to be used. Resale Certificates are not valid unless you are re-billing these charges to your customers.
15. Should a chargeback or dispute occur on payments to orders placed by an exhibitor or their agents, a fee equal to the fees assigned by the merchant processor or bank may be assessed and applied. In the event that a chargeback or dispute resolution is posted in favor of AGS Exposition Services, these fees will be due in addition to any outstanding balances.
16. Should balances remain unfulfilled, AGS Expo Services reserves the right to institute collection action against all exhibitors/third parties in the event payment is not received within 20 days of the close of the event. Service charges of 1.5% per month or fraction thereof will be applied to the past due accounts; the annual rate per service charge is 18%. Fees associated with insufficient funds on personal or company checks will be added to your invoice.
17. AGS Expo Services reserves the right to refuse service to exhibitors with outstanding balances or a history of delinquency or disputes. AGS may require payment of open balances prior to any additional services being rendered or for future orders to be processed. Where a history of delinquency or disputes exists, AGS may, at its discretion, require the payment of services in a particular method.
18. Company checks for ordered services must be received 14 days before move-in. Regardless, a credit card is required on file. A Non-Sufficient Funds fee will be assessed to any account in which a check is returned as being insufficient for payment.
19. All refunds less than \$35 must be requested by either the exhibiting company or related third party and will be refunded in the method in which it was remitted. As a result of certain remittance methods, fees and charges may apply. AGS will only issue refunds within 30 days of sending the final invoice. All adjustments to exhibitor accounts specifically noted on invoices or statements will be credited back in the method in which the service was originally transacted, within 15-30 days after the close of any event. Refunds to credit cards may take an additional period of time to post depending upon the credit card company. No adjustments will be made as a result of changes in currency rates.
20. It is the responsibility of the exhibitor to advise the AGS Expo Services on-site Service Center Representative of any problems with any orders, and to check their invoice for accuracy prior to the close of the event. For all exhibitors, invoices will be sent to the primary email on file during the event for your convenience. No credits for un-noted missing or incomplete orders will be issued after the exhibition closing.
21. Once services have been rendered and no issues/complaints have been formally brought (presented in writing via email or written notation on an existing invoice) to the attention of the on-site AGS Expo Service Center Representative, exhibitor or third party agrees not to dispute authorized charges on credit card(s).
22. All orders cancelled by the exhibitor due to non-participation or cancellation of the event will be subject to cancellation fees equal to 50% - 100% of the total order. Please see specific forms for cancellation fee details.

Labor Rules & Regulations

UNION JURISDICTIONS

We are certain you will appreciate knowing in advance that union labor may be required for certain aspects of your exhibit handling. To help you understand the jurisdiction that the various unions have, we ask that you read the following:

ELECTRICAL LABOR & PLUMBING:

Responsible for assembly, installation and dismantling of anything that uses electricity as a source of power to the building electrical system. This includes:

• Electrical wiring • Electrical signs • Multiple TV and VCR connections • Videotaping using multiple video cameras, including camera operation, audio and lighting. Responsible for all plumbing supplies. This includes: • Air • Water • Gas lines • Tanks and venting.

TEAMSTER LABOR - TEAMSTER UNION LOCAL 745:

The Teamsters Union Local 745 has jurisdiction for the operation of all material-handling equipment, all unloading and reloading, and the handling of empty containers. Exhibitors may unload their own vehicles provided they do not use any material handling equipment (forklifts, flatbeds, dollies, etc.)

INSTALLATION & DISMANTLE LABOR - DECORATORS UNION LOCAL 756:

The Decorators Union Local 756 has jurisdiction for the installation and dismantling of all exhibits including carpet, furniture, and hanging signs. All hired labor must belong to Local 756. Labor can be ordered in advance by returning the enclosed form, or on show site, at the AGS Service Center.

Three options for installation and dismantle labor exist in Dallas. Labor may be:

- performed by full-time employees of the exhibiting company; or
- hired through AGS Expo Services, the official general service contractor; or
- hired through an exhibitor-appointed contractor.

PLEASE NOTE:

- Please do not tip any employee. Do not give coffee breaks as union employees have a fifteen minute paid break mid-morning and mid-afternoon. Any attempt by an employee to solicit a gratuity for any service should be reported immediately to AGS Expo Services and/or Exhibit Management. Union employees are paid a good wage scale, and tipping is strongly discouraged and is not an accepted policy of any Official Service Supplier.
- If you encounter any difficulty with any laborer, or if you are not satisfied with the work performed, please bring this to the attention of AGS Expo Services. Please refrain from voicing complaints directly to craft personnel.
- The person in charge of your exhibit should carefully inspect and sign all work order forms. If there are any questions about any bills, bring the bill to the AGS Service Center and discuss it with the person in charge.

Graphic File Requirement Guidelines

AGS' Preferred File Formats

These are the preferred formats in order of preference;

- Adobe Illustrator (.ai)
- Illustrator EPS (.eps)
- Photoshop High (.psd) *
- TIFF (.tif) *
- JPEG (.jpg) *
- InDesign (.indd)

Please do not send images obtained from the Internet, Microsoft Word documents, or Power Point slides for large format production.

We can accept your electronic files on the following types of media:

- CD/DVD-ROM
- FTP (You can upload to our FTP site or we can download from your FTP site)
- E-Mail (15MB max)
- Dropbox, WeTransfer, and YouSendIt online file sharing services

Fonts

Please convert all fonts to "Outlines" before sending files.

If this is not possible, include the fonts along with the transfer of the production files. Having access to the font used in your graphic is essential for us to make changes to text on any of your signage. In many cases, you will want to make last minute changes or additions to your sign order. In order for us to edit type, or add additional text, we will need the fonts. We will also need the fonts for proper print output if you have sent us Adobe Illustrator files without turning the text to "Outlines" or Photoshop files without "Rasterizing" the type layers.

*Rasterized bit-mapped pixel based images should be high resolution 150 - 300 dpi at full size 1:1 ratio.

Color Matching

AGS uses PANTONE COLOR BRIDGE as a color reference to achieve the closest possible match to your color preferences. It is not possible to use PMS colors in CMYK or RGB Photoshop images, but we still would like to have Pantone Matching System (PMS) colors noted on the proofs and/or in writing as a reference for print comparison.

AGS will match PMS colors as closely as possible using our XRITE I101 Table and software. We Build ICC profiles to ensure color consistency across all our printable substrates.

What size will your final print be?

AGS produces graphics in a multitude of sizes depending on your specific needs. Contact your Account Representative and they will provide you with information regarding all the signage for your particular event.

Postscript vector outlined file types such as .ai and .eps are resolution independent, re-sizable without quality compromise, and preferred especially for logos, however rasterized bit-mapped images such as Photoshop, Tiffs, or Jpegs should be high resolution (150 - 300 dpi) at full size, 1:1 ratio. Any such images linked or embedded in InDesign or Illustrator files should be high resolution as well.

Based on viewing distance, here are some basic guidelines for resolution when working with formats such as .psd, .tif and .jpg files. This is the minimum resolution your graphic should be at full size dimensions:

- Viewing distance of 1-4 feet 150 dpi at full size
- Viewing distance of 5-9 feet . . . 100 dpi at full size
- Greater than 10 feet 72 dpi at full size

Extremely large banners might possibly be saved at lower resolutions to reduce the file size, but the file you send to AGS should be a minimum of 72 dpi and we will modify it as necessary.

Image Size and Resolution

The resolution of an image is determined by the number of pixels per inch (ppi) printed on a page. Photographs and artwork files should always be an absolute minimum of 72 dpi at full production size. It is preferred that art sent to us for production be at least 150 dpi or higher. If the art's dimensions are smaller than actual size of the final print, the resolution needs to be higher to compensate.

For example: If a file needs to be printed at 6 feet by 4 feet and your file is only 3 feet by 2 feet at 72 dpi, it will be pixelated and blurry when it is printed at full size.

When you blow it up to full size, you are actually cutting the resolution by half. (3'x 2' at 72 dpi = 6'x 4' at 36 dpi) You can figure out if a file will print properly by opening it in

Adobe Photoshop and going to the Image menu to Image Size. This window will show you exactly how much resolution you are losing when you enlarge the image to its full printing size. Check off the box marked "Resample Image" then change the width and height to the final printed dimensions. The resolution will change automatically, showing you what the actual resolution will become when the image is resized. One exception to this is graphics for extremely large banners which can print well at 36 dpi when seen from a distance of 10 ft. or more.

Actual image size

Doubled in size

More than triple in size

In this example you can see how the image loses resolution as the size is increased in Adobe Photoshop. If it were to be printed at 50" the resolution would only be 66 dpi. This same loss of resolution occurs if you bring the image into Adobe Illustrator and make it bigger by dragging one of the corners.

Printing the same low-resolution image at different sizes you can see how this low resolution image becomes "pixelated" as it is increased in size for printing. This is a perfect example of why a small piece of art taken off a website at 72 dpi is unacceptable for printing.

Questions?

In order to ensure the highest quality products, please make certain that all files submitted to AGS adhere to this criteria. If for any reason you are unfamiliar with any of these items, have any questions, or need information on accessing the FTP site, please contact our team.

Material Handling Information & Rates

The following information has been compiled by AGS for use by exhibitors and all third-party contractors to inform you of rates and rules regarding proper shipping and handling to and from your event. If you require more information regarding specific services or have issues regarding material handling at your event, please call our Event Services Department or contact us via email at eventservices@ags-expo.com

SHIPPING INFORMATION

Shipment Pick-ups & Deliveries

Drivers will be required to record their shipments at the Exhibit Site Check-In Area and then they will be directed to the proper freight door for loading and unloading. This includes access to any POV ramps.

Material Handling Order Form

Please make sure to submit your Material Handling Order Form to AGS. This will ensure the proper handling of exhibit materials.

All shipments delivered to either the exhibit site or the advanced warehouse require a delivery slip showing the number of pieces, weight, and type of merchandise. Surcharges apply to all shipments that arrive without proper piece-count and/or weight ticket information. This includes bulk consignment carriers such as FedEx and UPS Package.

Drivers will be required to submit a CERTIFIED WEIGHT TICKET when recording their shipment at the Exhibit Site Check-In Area. AGS Expo Services reserves the right to refuse such shipments until a certified weight ticket is presented.

NOTE: Shipments received without receipts, freight bills, or specified unit counts on receipts or freight bills (e.g. one lot, 800 cu. ft., etc.) from carriers such as FedEx or UPS Package, will be delivered to the exhibitor's booth without guarantee of piece-count or condition. No liability will be assumed by AGS Expo Services for such shipments. In the event no weight is indicated on the documents presented, AGS Expo Services shall estimate the weight and charges will be based on the estimate. These charges will not be subject to adjustment.

Please ensure that copies of all shipping information are sent to the person or company in charge of installing your display. This will assist in locating any packages that are missing or fail to arrive.

Insurance

Be sure your materials are insured from the time they leave your company until they are returned after the event. It is suggested that exhibitors arrange all-risk coverage. This can usually be done by adding riders to existing policies. Each event is different. As a result, certain facilities provide different levels of security for exhibitors and their materials. In most cases, security is arranged by the association or event management but is not always available during certain times of the event. Please take every precaution to secure items in your booth. During move-out, never leave packed materials in your booth unsupervised. AGS always requires exhibitor supervision of outbound packages to ensure their safe transfer.

Basic Tips for Shipping

- Securely pack all items for shipping and remove old shipping labels.
- Fill out and apply shipping labels with appropriate address, company name, booth number, and consign all shipments c/o AGS Expo Services.
- Send your Material Handling Order Form to AGS to ensure their arrival.
- Check with AGS as to the receipt of your shipped packages.
- All shipments must have a bill of lading or delivery slip indicating the number of pieces and weight.
- Certified weight tickets must accompany all shipments.
- Do not ship loose items to the advanced warehouse. All materials should be packaged appropriately.

Shipping Labels

All packages must be clearly labeled with the appropriate address, booth number, and consignment information. Please remember to remove all old labels from your shipping containers as this will ensure that there is no confusion over booth number, addresses, or other erroneous information not related to this specific event.

Crates & Material Packaging

Ensure that your containers are properly maintained or replaced to prevent the damage of any internal items during shipping and handling. Please understand that all containers associated with shipping are considered protection and are therefore not covered if damaged during shipping and handling. These containers are designed to take external forces in order to protect their internal contents.

Material Handling Information & Rates

Overtime Surcharges at Exhibit Site

Overtime charges on inbound shipments will be in effect if:

- a vehicle checks-in at the Exhibit Site Check-In Area after 4:30 PM on weekdays or anytime on Saturday/Sunday/Holidays.

Overtime charges on outbound shipments will be in effect if:

1. Your shipment is loaded after 4:30 PM on the day the exhibit closes.
2. Your carrier checks-in at the Exhibit Site Check-In Area after 4:30 PM on weekdays or anytime on Saturday/Sunday/Holidays.
3. Additionally, when freight must be moved out of the exhibit site on overtime due to scheduling conflict beyond the control of AGS Expo Services, overtime charges will be applied. An overtime surcharge based on the exhibit site rates for each 100 lbs. or fraction thereof per shipment will be invoiced in addition to those rates on all shipments.

Overtime charges at the exhibit site subject to overtime rates:

- For each 100 lbs. or fraction thereof per shipment, the rate is **\$36.55** with a **200 lb. minimum**.

Special Handling - Shipments or Equipment Requiring Special Handling

This classification applies to, but is not limited to, moving van shipments or shipments by any trucks which, because of their truck bed height, cannot be unloaded at the docks and/or the shipment is packed in such a manner as to require special handling (i.e. loose display parts, uncrated equipment, etc.) regardless of the kind of carrier or vehicle used and/or the description of the shipment is such that the type of materials or equipment cannot be determined (e.g. 1 lot; many assorted pieces, etc.). This also includes shipments delivered by carriers such as FedEx, UPS Package, and other parcel style carriers with bulk consignment.

Materials will be unloaded from moving vans, exhibitor's truck, or trucks of other carriers at the exhibit site; delivered to the exhibitor's booth; stored as empty containers during the event; picked-up at the close of event; moved to the loading area; and reloaded on trucks.

The rate of **\$182.73** with a **200 lb. minimum** applies for each 100 lbs. or fraction thereof per shipment.

NOTE: In the event crated materials are combined in a shipment with materials packed in such a manner as to require special handling (see above), AGS Expo Services will invoice such shipments at the rates applicable to the classification of the materials, PROVIDED the Bill of Lading clearly identifies the weight of the crated materials and the weight of the other materials. If the Bill of Lading does NOT identify the weights of the various classifications, the entire shipment will be invoiced at the Special Handling Rate and will not be subject to adjustment.

Small Package Rates

Small Package Rates ONLY apply to direct deliveries to the exhibit site and should be scheduled to arrive on the dates and times set forth in the Shipping Information section of this Exhibitor Service Manual. These shipments should be consigned to AGS Expo Services c/o Gaylord Texan and labeled with appropriate show name, company name, and booth number. Such items considered small packages are cartons, envelopes, and other non-crated items that have a maximum weight of 30 lbs. per shipment, per delivery, per day, by the same carrier. This includes FedEx and UPS Package shipments. Materials will be unloaded from the dock or trucks at the exhibit site and delivered to the exhibitor's booth.

This **INBOUND ONLY RATE** applies to small packages with a total shipment weight of 30 lbs. or a fraction thereof where

the first piece is \$50.00 and each subsequent piece is \$20.00. If the total weight of the shipment exceeds 30 lbs, the shipment will be subject to standard Material Handling service fees, or that which applies, depending upon time of arrival and other policies surrounding its receipt (i.e. special handling). A 15% surcharge may be applied on all items delivered without documentation or by carriers such as FedEx, UPS Package, and other parcel style carriers with bulk consignment.

Premium Return Services

AGS offers Premium Return Service for material handling storage at this event. This service includes all classifications of material handling storage listed in this Material Handling Information & Rates section. This service will provide priority return of stored materials at the close of the event. All materials labeled for Premium Return Service will be guaranteed first return. This service has limited availability and is based on storage capacity of the event venue. This is not an alternative to material handling. Material handling services must be established prior to ordering this service. **The fee for this premium service to return empty storage containers at the close of show is \$250.00 for (3) containers.**

Outgoing Shipments

To assist you in setting-up your outgoing shipments, AGS Expo Services will have a shipping desk located at the AGS Service Center where labels, Bills of Lading, and shipping information will be available.

Freight Re-Route Policy

At the close of the show, if carriers fail to pick-up or refuse to accept shipments, or no disposition is provided by the exhibitor, AGS Expo Services reserves the right to either re-route such shipments or materials via the Official Show Carrier, or dray back to the warehouse and await instructions from the exhibitor. If the shipment is drayed back to the warehouse, a Service Fee of \$300.00 or \$0.30/lb (whichever is greater) will be assessed by AGS in addition to any fees applied by the Official Show Carrier for transportation and/or storage. AGS is not responsible for the assignment of fees or charges made by the carrier in association with freight re-routes or dray backs. No liability will be assumed as a result of such re-routing or handling.

Special Handling Definitions

What is "Special" Handling?

Special Handling applies to shipments that are loaded in such a manner as to require additional labor and handling to unload or load out. An additional fee beyond the standard crated rate will apply. Shipments loaded in this manner require additional time, labor, or equipment to unload, sort, and deliver.

Special Handling Includes:

Ground Loading

- Vehicles that are not dock height, preventing the use of loading docks

Side Door Loading

- Shipments tendered for delivery in such a manner as to prevent access from the rear of the trailer.

Constricted Space Loading

- Freight loaded "high and tight" or down one side as to make shipments not readily available.

Designated Piece Loading

- When a trailer must be loaded in a particular sequence to ensure fit.

Stacked, Cubed-Out, or Loose Shipments

- Shipments loaded in such a manner requiring items to be removed to ground level for delivery to booth.
- Items that would need to be unstacked/stacked, unstrapped/strapped, or loadbars to be removed/installed during the unload or load out process.

Mixed Shipments

- Pieces for separate shipments that are loaded mixed throughout the delivery vehicle, or shipments of crated and uncrated goods where the percentage of uncrated is minimal and does not warrant full uncrated rate for shipment.

Improper Delivery Receipts

- Shipments that arrive without individual Bill of Lading. Possible examples might include: UPS, FedEx, company trucks, privately-owned vehicles.

Uncrated Shipments

- Material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting bars or hooks.

Improper Weight

- Shipments that come in and are re-weighed showing the documentation was incorrect with a lower weight than the actual weight. These shipments get charged special handling plus a weight ticket charge.

Reducing Material Handling Costs

To reduce material handling costs related to labor, we recommend sending your goods all together in one shipment. For each 100 lbs. or fraction thereof per shipment, AGS sets a graduated flat rate with a 200 lb. minimum. It is important to carefully read the Material Handling section of this Exhibitor Service Manual. This section also outlines the overtime and forced freight policies.

TIPS FOR SENDING TO:

THE ADVANCE WAREHOUSE

- When using the advance warehouse, all shipments must arrive by the predetermined date and times. This information can be found on the Material Handling Order Form or in the Show Information section of this Exhibitor Service Manual.
- The advance shipment deadline date is always one week prior to the first day of exhibitor move-in.
- Avoid sending shipments after the advance warehouse deadline date. Though packages will be accepted, your account will be charged an off-target fee and a separate delivery charge may be incurred.
- Avoid sending small packages to the advanced warehouse. Each separate shipment is charged a 200 lb. minimum at the Advanced Material Handling Rate regardless of size or weight. Observing this can cut your costs drastically.

THE SHOW SITE

- When sending shipments direct to show site, ensure that each package has its packing slip or shipping bill indicating the number of pieces and weight. To ensure the accuracy of material handling charges, AGS may weigh shipments as they arrive and compare the results to the Bill of Lading. A weight ticket will be attached to the receiving paperwork for any shipments that are adjusted. On-site weighing may be accepted as actual weight or shipments may be refused without a certified weight ticket. In such cases where on-site weighing is necessary, you may be assessed a fee for this service.
- Items that arrive before the scheduled move-in times or during the show will be assessed an off-target fee or may fail to be accepted.
- Many times shipments arrive piecemeal and require sorting. To avoid sorting fees related to bulk consignment carriers, try to send shipments together and avoid package carriers such as FedEx and UPS Package.

Here are some common mistakes that can result in higher material handling charges:

- Multiple small shipments arriving separately - There is a 200 pound minimum per shipment over 30 lbs. (On-site only)
- Missing your target date - If there is no way to avoid missing your target date, contact AGS.
- No certified weight ticket accompanying your shipments.

Freight Re-Route Policy

AGS wants to ensure that your materials reach their intended destination. Therefore, any unconsigned shipments left in the exhibit hall after dismantling hours will be shipped via the official show carrier at the expense of the exhibitor. Please read the important information below to help avoid having your freight re-routed.

Driver Check-in: Friday, February 7th by 9:00 PM

Freight Re-Route Time: Friday, February 7th by 9:01 PM

What is Freight Re-Route?

A "re-route" occurs when a carrier does not check-in or show up at the dock for the consigned freight. We want to make sure each exhibitor gets their first choice of a carrier and therefore no freight is re-routed until we must move it to complete the contracted move-out agreement between show management, the convention center, and AGS Expo Services.

Bill of Lading

Each exhibitor is responsible for turning in an AGS Bill of Lading to the AGS Service Center after dismantling is finished and all boxes/crates/materials are packed and labeled. The Bill of Lading is the official "permission" by the exhibitor to allow the removal of freight from the booth to the carrier of choice (personal vehicle, truck, van line, air freight, etc.).

Official Show Carrier

The official show carrier is on-site as a convenience to exhibitors, and to service show management, and is by no means the only choice available. Exhibitors are welcome to use either the official carrier or an Exhibitor Appointed Carrier. Rates may be negotiated in advance by calling the official show carrier.

Other Carriers

If freight is consigned to a service carrier other than the official show carrier, that carrier must check-in with the loading dock by the time specified above. Show management, AGS Expo Services, and the official show carrier cannot be responsible for checking with all designated carriers. If you have chosen a carrier other than the official show carrier, **we require that someone from your company remain with the shipment until it is picked-up.** Many times, a reminder phone call to your carrier will ensure the official time window is adhered to and your freight is picked up successfully.

Freight Re-Route Contact

In the event that your freight is re-routed by AGS, please contact our Event Services Department during regular business hours Monday through Friday from 8:00 am – 5:00 pm at 407.292.0025 to obtain tracking and destination information.

equipment, prototypes, original art, uncrated Goods, or improperly packaged or labeled Goods.

h. Unattended Goods. AGS assumes no liability for loss or damage to unattended Goods received at the event site at any time from the point of receipt of inbound Goods until the loading of the outbound Goods, including the entire term of the respective event, show or exhibition. Customer is responsible for adequately insuring its own Goods for any and all risk of loss.

i. Unattended Booth. Relative to inbound shipments, there may be a lapse of time between the delivery of shipment(s) to the booth by AGS and the arrival of the Customer's representative(s) at the booth. Similarly, relative to outgoing shipment(s), it is possible that there may be a lapse of time between the completion of packing and the actual pick-up of Goods from the booth for loading onto a carrier. It is understood that during such times the shipment(s) will be left in the booth unattended. In addition, booths that are attended may still be subject to risk of loss, damage, or theft at the event site. Therefore, it is understood and agreed that AGS shall not be liable for any loss or damage occurring while the Goods are in Customer's booth at any time, whether or not the booth is, or is not attended by Customer or anyone else. All Material Handling Forms and/or Straight Bills of Lading covering outgoing Goods submitted to AGS will be checked at the time of pickup from the booth and corrections to the count or condition will be documented where discrepancies exist.

j. Special Handling Needs. AGS shall not be liable for any loss, damage, or delays incurred during the handling of Goods requiring special devices or facilities to properly load, place, or reload, unless advance notice has been given to AGS in time to obtain the proper equipment or facilities. It is at the sole discretion of AGS to refuse the movement or acceptance of such Goods in cases where equipment or facility limitations exist. It will be the sole responsibility of the Customer to arrange for any such special needs with AGS, or alternate servicing agents where such special needs cannot be procured by AGS, except for locations where liability assignment, contractual limitation, local law or jurisdiction prohibits such agents from performing any such special handling needs.

Such liability shall be limited to the cost to Customer of the supervised labor or the depreciated value of the Goods, whichever is less. If Customer elects to use unsupervised labor, then Customer assumes all liability for the actions or claims that arise out of such work, including but not limited to loss, damage to property, Goods, death, or bodily injury and shall indemnify AGS and event management, to include reasonable defense costs, attorney's, expert, and consulting fees and court costs, for any claims that result from Customers' supervision or failure to supervise assigned labor.

c. Filing of Claim. Any claim for loss or damage to Goods must be in writing, containing facts sufficient to identify the Goods, asserting liability for alleged loss or damage, and making claim for the payment of a specified or determinable amount of money. Customer agrees to pay AGS prior to the close of the event for all such charges and further agrees that any claim Customer may have against AGS shall be pursued independently by Customer as a separate action to be resolved on its own merits. AGS retains the right to pursue collection on amounts owed after event close, without regard to any amount alleged to be owed for damage, or loss.
