

The new www.smfm.org is a website designed on an adaptive platform, meaning it will automatically scale to fit any device for optimal viewing.

Shortcuts for using smfm.org and the SMFM Communities can be placed directly on your iPhone, iPad, and other mobile device home screen, allowing one-touch access to your most frequently used SMFM information.

To set up home screen links:

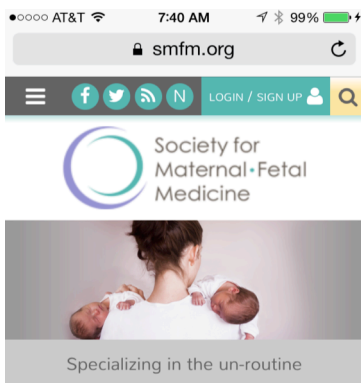

Open your internet browser

Search for SMFM.org

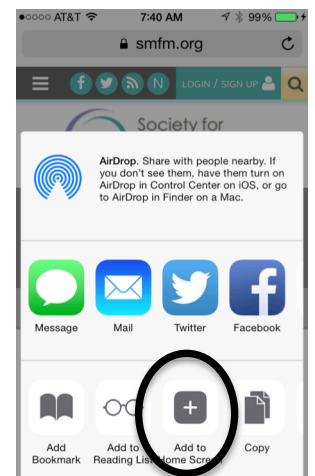

SMFM home page

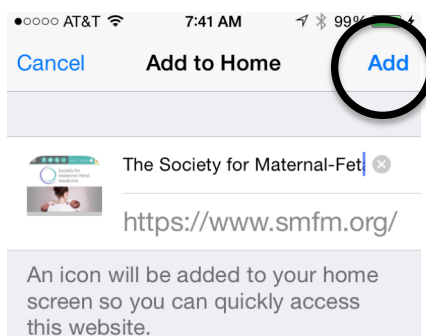

Create homepage link by selecting the icon

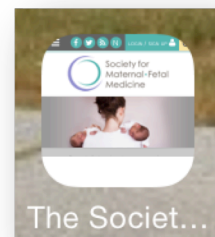

Add to home screen

Add to home screen

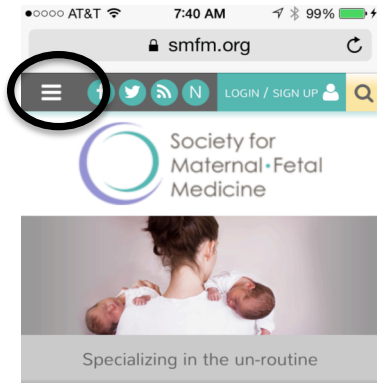

SMFM icon appears on home screen

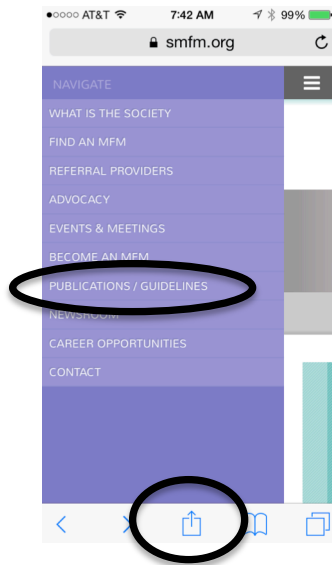

A link to frequently accessed pages can be created as well

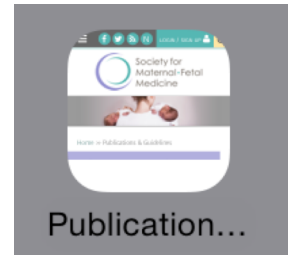

SMFM home page: use navigation bar to select 'Publications'

Select Publications and then send to desktop icon

Link to Pubs/guidelines

Links to the smfmcommunities.ning.com can be created as well

Drag each icon over the others to create a folder of SMFM links

SMFM Communities
