SUPPORTED ACCESS TO ABORTION BY RESPONDING TO THE DOBBS DECISION
- Strengthened partnerships via joint clinical publications, educational events, and a new advocacy coalition together with 15 national organizations.
- Cultivated 25 MFM spokespeople to talk to reporters about the intersection between high-risk pregnancy and abortion.
- Filed legal briefs in 15 state courts, as well as federal court defending access to abortion care.
- Hosted 10 virtual events for members to share resources and connect with colleagues nationwide.
- Engaged successfully in 5 state ballot measures on abortion.

ADVANCED POLICIES TO OPTIMIZE PREGNANCY OUTCOMES
- Led efforts to introduce the Advancing Safe Medications for Moms and Babies Act, a bipartisan bill aimed at better understanding the effects of medications on pregnant and lactating people.
- Participated in coalition efforts to secure permanent Medicaid extension for a full year postpartum.
- Compelled the State of Texas, together with Democracy Forward, to release its maternal mortality and morbidity data.

REFLECTED CORE VALUES IN PREGNANCY MEETING LOCATIONS
In an effort to keep members safe, their patients healthy, and to ensure that our advocacy priorities were reflected in our business decisions, the Board of Directors changed the format and location of four Pregnancy Meetings in 2022.

2022 Pregnancy Meeting
Moved to virtual due to a COVID surge.

2024, 2026, and 2027 Pregnancy Meetings
Relocated due to laws restricting reproductive health access.

PROVIDED WIDESPREAD ACCESS TO EDUCATION
SMFM educated 6,026 clinicians online
