Medicine

the program

Banner—University Medical Center and the Society for Maternal-Fetal Medicine are proud to offer an innovative and integrated program that will address essential learning in the discipline of critical care obstetrics. Pre-recorded digital didactic sessions (materials accessible for a year following the conference), virtual online simulations, case-based facilitated group learning and bedside preceptor-directed simulation drills form the basis for this progressive, hands-on, original program.

who should attend

MFM Physicians / Practicing OB Physicians / Emergency Room Physicians / OB Hospitalists / Residents / Medical Students / MFM Fellows

objectives

The educational materials (film and powerpoint), case discussions and simulations by the conference faculty will help participants face the challenging world of obstetrics and better equip them to handle emergency situations.

At the end of this conference, attendees will understand the physiology of pregnancy, how pregnancy uniquely creates risk for mild and severe maternal complications and the care and treatment for multiple critical care conditions in pregnancy, including:

- hemorrhage, massive transfusion and placental abnormalities
- cardiac disease including postpartum cardiomyopathy, acute infarction, pulmonary hypertension and structural disease
- thromboembolic disease
- SIRS, sepsis and diabetic ketoacidosis
- ARDS and pulmonary edema
- preeclampsia and hypertensive crisis
- amniotic fluid embolism
- alterations to the ACLS and trauma protocols
- indications for and use of invasive monitoring

Banner Health disclosure

Disclosure of Financial Relationships and Resolution of Conflicts of Interest are designed to ensure quality, objective, balanced and scientifically rigorous continuing education activities. All individuals in a position to influence and/or control the content of continuing education activities have been asked to disclose all relevant financial relationships with the past 12 months. Beyond disclosure of relevant financial relationships, faculty are required to disclose when they plan to discuss pharmaceuticals and/or medical devices that are not approved by the FDA and/or medical or surgical procedures that involve an unapproved or "off-label" use of an approved device or pharmaceutical. Banner Health is committed to providing learners with commercially unbiased continuing education activities.

cme credits

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME), through the joint sponsorship of Banner Health and the Society for Maternal-Fetal Medicine. Banner Health is accredited by the ACCME to provide continuing medical education for physicians.

Banner Health designates this live activity for a maximum of **25 AMA PRA Category 1 Credits**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Banner Health and the Society for Maternal-Fetal Medicine strive for balance, independence, objectivity and scientific rigor in all sponsored educational programs. Faculty and program planners are required to disclose any financial conflict of interest relevant to their involvement with the symposium. If potential conflicts of interest have been reported by planners and faculty, they have been assessed and resolved according to Banner Health policy.

attendee requirements

There are three steps to the CME process for this conference.

- 1) As an attendee of this conference you are required to take the Pre-Conference Test provided when you first log-in to access the course materials on the Society for Maternal Fetal Medicine website.
- 2) After the conference you are required to re-take the test.
- 3) Additionally, Banner-University Medical Center Phoenix will email you a conference survey so you can provide us with your feedback on the conference itself after the conference closes.

if you are unable to attend

You can use a credit card to purchase access to the conference materials by contacting the Society for Maternal Fetal Medicine at <http://smfm.org>. You can purchase either the CME bundle for \$650 or the non-CME bundle for \$605. Chris Coleman is your contact for any technical issues: ccoleman@smfm.org or **202. 863.2563**. You will have access to the materials for one year.

Exhibitors

We will have a group of exhibitors who wish to tell you about their services and/or products. They will be at the conference for all three days. Attendees will have their morning breakfast, breaks and lunch with the exhibitors each day. Please take some time to visit with them and get to know more about them. Exhibitors are a vital part of this conference.

wi-fi and electronic devices

Wi-fi will be available in the meeting room during the conference. We strongly urge you to consider bringing an electronic device to take notes instead of using paper. Your notes will be easier to read and organize after the conference. Participants will be able to keep their electronic device charged in the conference room.

what to wear

Men should dress comfortably in trousers and shirts/polos and pants; ladies in skirts or pants and knit tops/blouses. The conference room is air-conditioned and it is sometimes difficult to keep a moderate temperature for all. We recommend that you bring a jacket or sweater.

When your registration is confirmed, we will email a bus ticket for the one afternoon you will go to the SIM Lab. SIM Lab visits will be scheduled for all three days of the conference. If you are part of a group and wish to attend the SIM Lab as a group, let us know when you register. It is recommended that you wear scrubs on the afternoon you go to the SIM Lab.

photography

A photographer will be on-site taking candid shots during the conference. When you register, you are giving us permission to take and use these photos for future advertisements, brochures, social media etc.

americans with disabilities act

Banner Health will comply with the legal requirements of the Americans with Disabilities Act. If you need special accommodations, please notify us when you register at **602.230 CARE (2273)**.

hotel reservations

A block of special group rate rooms has been reserved for attendees at the Hilton Phoenix/Mesa, 1011 West Holmes Avenue, Mesa, Arizona 85010. Space is limited, so please make your hotel reservation as soon as you can. The hotel must receive all reservation requests on or before Friday, Oct. 12, 2015.

NOTE: In 2014 the hotel sold out 2 months ahead of the conference. We have added more rooms to the room block for 2015 and we suggest your reserving your room(s) early.

Hotel reservations can be made by calling the **Hilton Phoenix/Mesa, 1011 West Holmes Avenue, Mesa, Arizona 85010, 480-833-5555/Toll Free 1-800-544-5866**. You should identify yourself as an attendee for the Critical Care in Obstetrics Conference that begins on November 12, 2014 in order to receive the discounted room rate. This rate will be honored three days before and three days after the conference based on availability. We recommend that you register early should you wish to extend your stay. You may make your reservation on line at http://www.hilton.com/en/hi/groups/personalized/M/MESHPHF-CCO-20151111/index.jhtml?WT.mc_id=POG. The group ID code is CCO.

Group Rate is \$129/night.

Check-in time is 3:00PM and check-out time is 12:00PM.

To get additional information about the hotel and its location, visit www.hiltonphoenixmesa.com. Click on "Local Area" on the landing page for a listing of places to dine, shop and information on local attractions.

conference registration

NOTE: Registration for the 2014 conference closed in mid-September. We suggest that you register early.

Please register for the conference and secure your hotel reservation **before** purchasing non-refundable airline tickets.

To register for the conference, call 602-230-CARE (2273). Outside of Arizona, call 1-800-230-CARE (2273). You will be asked to provide your contact information including your e-mail address and how you will pay for the conference: check or credit card. When your registration is complete receipt will be emailed to you. The receipt can be printed and used for reimbursement if needed.

cancellations

- Should you need to cancel your registration; a credit will be issued for the next Critical Care in Obstetrics Conference.
