Maternal • Fetal
Medicine

International Membership

The Society for Maternal-Fetal Medicine strives to be a dynamic and diverse professional society.

We welcome and value members from all over the world.

Your participation will shape the work of the Society as we continue to grow and expand globally.

About the Society for Maternal-Fetal Medicine

The SMFM is a society of physicians and scientists who are dedicated to the optimization of pregnancy and perinatal outcomes

Our Mission

We dedicate ourselves to improving maternal and child outcomes, raising the standards of prevention, diagnosis, and treatment of maternal and fetal disease through:

- Support for the clinical practice of maternal-fetal medicine
- Research
- Education/Training
- Advocacy
- Health Policy leadership

Our Vision

To lead the global advancement of women's and children's health through pregnancy care, research, advocacy, and education.
