

Bahia mini, soffitto

technical details

FOSCARINI

Bahia, a name that recalls white beaches, sunny skies and the elegance of Bossa Nova, is a captivating wall or ceiling light with an extraordinary design that showcases innovative interplay of light and shade. The light has a seductive form that recalls the aerial vision of an archipelago, with radiating light that subtly emphasizes its topographic nature. In the mini version the largest disc has been removed. The LED version is the natural development of Bahia. Foscarini has developed and engineered the LEDs in this model and managed to improve the magic of the light. In the mini version the largest disc has been removed. Bahia mini has many possibilities for use in both the domestic and contract sectors, especially in the low energy consumption and minimal maintenance LED version.
