

Instructions for applying Easy Bind® Book Repair Tape

Book Hinge Reinforcement

1. Cut two strips of Easy Bind 1/4" shorter than the length of the book's spine.
2. Remove the Peel'n Place liner from the center of one Easy Bind Strip to expose centering strip adhesive.
3. Fold the Easy Bind lengthwise, adhesive side out, and place the edge of your ruler or other straight edge inside the fold.
4. Press the edge of the ruler and the Easy Bind tape into the book's front cover hinge and adhere the centering strip.
5. Use the ruler or straight edge to push off the remaining liner and press Easy Bind tape into place. Repeat for back book cover.

General Repairs

1. Cut a strip of Easy Bind long enough to cover the tear.
2. Remove the Peel'n Place liner to expose the 1/8" adhesive strip.
3. Center the Easy Bind over the tear and press into place.
4. Remove the remaining liner and press tape down to finish repair.
