NOTE: Do not tighten any fasteners until the cart is completely assembled

Tools Required:
Adjustable Wrench

1 Install the Casters

- Place caster lock washer onto caster stem
- Tighten lock washer with Caster Nut onto base of Caster
- Place caster large washer onto caster stem
- Thread the casters into the ends of the outside frames
- Use an adjustable wrench to tighten securely

2 Install the 2 Bent Stretchers to the Outside Frames

- Lay outside frames on their backs
- Use M6 bolts & lock washers & acorn nuts
- Hand tighten only

3 Install the 3 Straight Stretchers

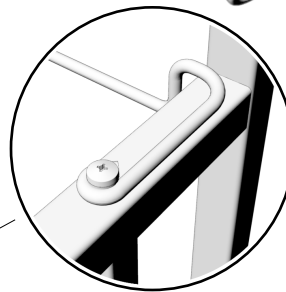

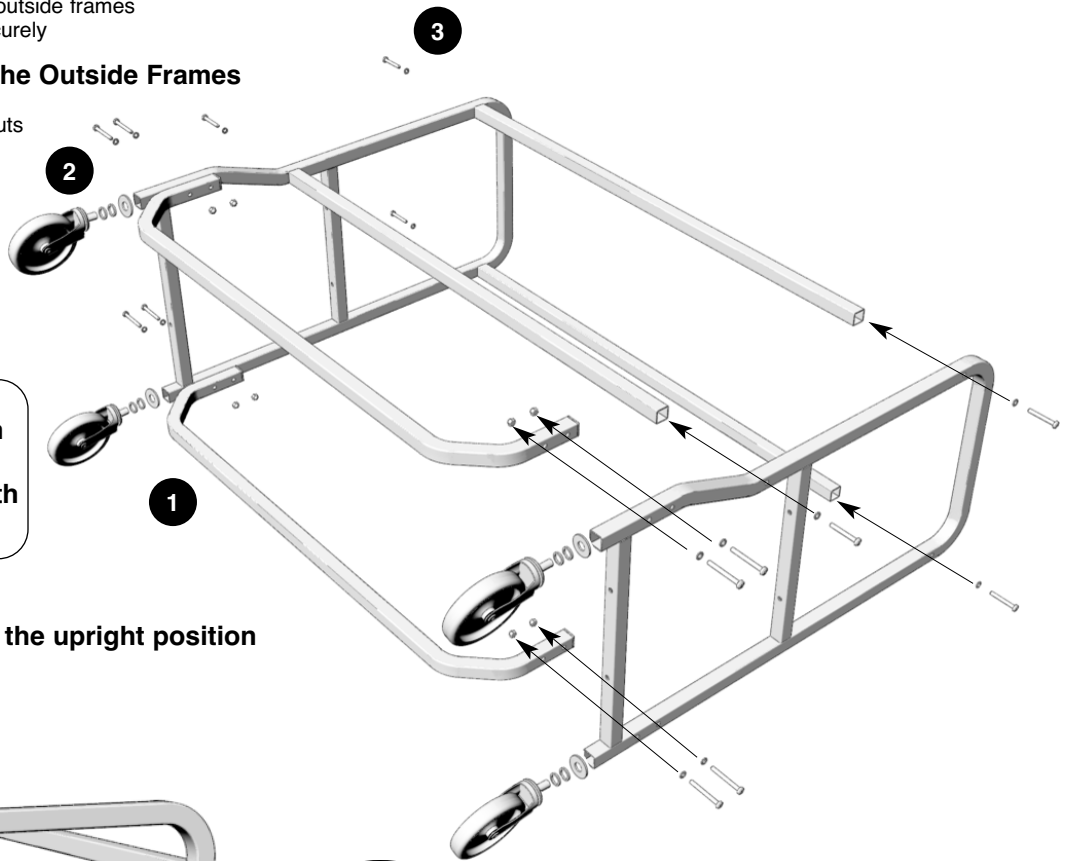

- Use M6 bolts & lock washers
- Hand tighten only

Note: Recommend that casters with brakes be located both front or both rear.

To prevent children from playing with brakes the rear location is preferred
