SAFE FOR
Recreational Ponds,
Horses, Livestock, Birds,
Pets, Fish, Wildlife
and the Environment.

Treats 3 Surface Acres
Net Contents: 36 lbs • 16.3 kg

How does MuckAway™ TL eliminate mucky bottoms?

Pond and lake muck is caused by rotting vegetation, leaves, twigs and fish waste that has accumulated over time. MuckAway™ TL is a special blend of highly concentrated natural, beneficial bacteria and enzymes designed to treat an entire lake or pond. MuckAway™ TL controlled release tablets work for up to 30 days to rapidly digest and transform organic waste into an odorless gas that escapes unnoticed out of the water column. MuckAway™ TL is so effective that when used regularly can remove up to 2 inches of muck per month.

Ma MuckAway™ TL Application

Example:

A lake that measures 300' in length and 300' in width is equal to approximately 2 surface acres.

$(300 \times 300 / 43,560 = 2.07$
surface acres)

At a rate of 12 lbs per 1 surface
acre, 24 lbs would be needed per
application.

APPLICATION RATE: 12 lbs per surface acre every 4 weeks.
Surface Acre = Length x Width / 43,560

WHEN TO APPLY: When water temperatures are above 50°F. Treatments should continue until desired results are achieved.

HOW TO APPLY: Broadcast evenly over the treatment area.

WATER USE RESTRICTIONS:

MuckAway™ TL may be applied to lakes and ponds used for irrigation and aquaculture. Water treated with MuckAway™ TL may be used for recreation, fishing and other activities immediately after treatment. Safe for recreational ponds, horses, livestock, birds, pets, fish, wildlife and the environment. Do not apply to water that will be used for human consumption.

STORAGE AND HANDLING:

Keep product in original container and closed when not in use. Store in a cool, dry place. Do not allow to freeze. Wear rubber gloves when handling. Avoid dust inhalation. Avoid contact with skin, eyes and clothing. Wash with soap and water after use. MuckAway™ TL has a 5-Year shelf life.

ATTENTION:

Failure to use as directed, or sudden changes in water conditions not consistent with label, may result in the loss or injury of aquatic life. Airmax® Inc. is not responsible for any loss of aquatic life. This product is non-genetically altered and non-pathogenic. The microorganisms used to develop this product can be found naturally in soil and water.
