# The Big Idea

When the citywide Body of Christ in the KC area is more strategically resourced, connected, coordinated, and united around Jesus and His mission, we will see a profound and unprecedented advancement of God's Kingdom in Kansas City and beyond.

# The Problem

The citywide Body of Christ in the KC area is NOT very strategically resourced, connected, coordinated, and united around Jesus and His mission. Jesus prayed for unity in the Church, but we are currently not experiencing that at a high level.

# Why Now?

- The need is greater than ever before
- We're in a Kairos moment
- It's vital that the Church reflects the character of God
- For us, our kids, grandkids, and great grandkids
- Being a part of the answer to Jesus' prayer in John 17

# Why The Sending Project?

- We exist for the Church, to serve the Church
- The citywide Church needs a truly neutral convener to achieve true missional unity
- This ministry model has proven to be effective
- 10 years of growing participation!

# What value and solutions does The Sending Project bring to this scenario?

- We're not just focused on any one project or ministry
- We demonstrate love for diversity within the citywide Church
- We're building missional awareness, community, and collaboration among a diversity of churches and the citywide Body of Christ.

# What ministries and initiatives does The Sending Project bring to this scenario?

- Saturate KC
- KC Bible Impact
- KC Trauma Healing
- KC Responds
