

ACCESS TO FIELDS FOR PHOTOGRAPHIC & MEDIA PURPOSES
(Signature Required)

To Whom It May Concern:

All Washington Bulb Co., Inc./RoozenGaarde fields are posted either Keep Out or Stay on Pathways. With a field pass, photographers are allowed access to the fields that are posted Stay on Pathways and may walk on the main pathways. However, this pass does not give individuals permission to walk between the rows of flowers nor does it grant special access to any restricted areas. Walking between the rows causes damage to the bulbs.

All published images depicting our property must make reference to RoozenGaarde (Tulips.com) or Washington Bulb Co., Inc. For example, a picture of RoozenGaarde's display garden should note "Courtesy of RoozenGaarde (Tulips.com)." Publication without reference is a misappropriation of Washington Bulb Company Co./RoozenGaarde's image and property.

Please note that drones and UAVs are currently prohibited from all Washington Bulb Co., Inc. and RoozenGaarde property. Individuals found to have operated UAVs over company property without consent will be denied access to our fields and display garden for photography and media purposes, and any signed release will be considered void. UAVs have proven to pose a definite safety risk to our customers and employees and the safety of our customers and employees is our priority.

Additionally, under no circumstance may photographers solicit business on company property or engage in any form of advertisement. This would constitute a business relationship with Washington Bulb Co., Inc. and would require a recognized contract. Furthermore, photographers may not affect the movement of our visitors by impeding access to any area within our fields or display garden. Photographers are allowed to bring basic camera equipment and a tripod. Studio lighting, heavy equipment, ladders, etc are not allowed.

By signing this binder, you agree to give RoozenGaarde (Tulips.com) and/or Washington Bulb Co., Inc. published credit whenever you publish photographs of company property. Please be advised that you will not be issued a field pass unless you sign this binder. You will be given a copy of this binder and Washington Bulb Co., Inc. will retain a copy. This binder is good during the calendar year in which it is signed.
