Engineering Notes Alpha-2621

We want to extend our gratitude to everyone who has contributed to the Mercury subroutine so far. We hope you have enjoyed the successful distribution of **180 Access IDs**, and we hope you will also appreciate the **other interesting artifacts** we have in store for you going forward. We intend to keep the process alive until the **completion of Project Waking Titan in August**.

It is important to mention that we are very excited by the coming **Phases 2 and 3**. Input from the Mercury Subroutine will pave the way toward **new experiences in version 1.3** of a familiar universe. We look forward to the successful conclusion of this ground-breaking experiment.

Regards,
S.M.
