

Lego Challenges

cards to
encourage creativity

over
250!

thecanadianhomeschooler.com

Do your kids love LEGO? Then they will love these challenge cards!

With just over 250 cards to choose from, your child can almost do 5 challenges a week to be creative and inspired in their LEGO designs.

The cards with the blue squares are all the main challenges - applicable to anyone, with a wide variety of ideas.

The cards with other colours of squares are specifically related to holidays, celebrations, events, or faith. I did this so anyone who doesn't celebrate something can just keep those cards out.

Cut out the cards and add them to a small box. Let your child pick out a challenge and get to work! It might even be fun if you join in too!

And if your child loves LEGO Challenges, be sure to join in my monthly [LEGOQuestII challenge](#). I post the theme on the first Tuesday of the month, collect pictures throughout the month and show off what everyone designed in a post at the last Tuesday of the month. I love seeing everyone's creativity!

Just a reminder to please send anyone who would like these cards to my blog instead of sharing the file. I appreciate that. Thank you.

Happy building!
~Lisa Marie

Make a
Reflection.

Make a
Maze.

Make a
Working
Machine.

Make a
Robot.

Make the
cutest
pet ever.

Invent
something.

Show
dark vs.
light.

Make
something
about where
you live.

Go under
the sea.

Show the
seasons.

Mini-fig's
Big
Adventure.

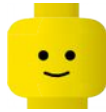

Build a
clock.

Show something inside your body.

Make a flower.

Make a campsite for mini-fig.

Make a LEGO stop-motion video.

Make a movie scene.

Show motion.

Make something colourful.

Make something that uses metamorphosis

Be a superhero.

Make a pattern.

Make a giant LEGO mini-figure.

Make something under construction.

Use mixed media.

Pretend you are looking through a microscope.

Use only red bricks.

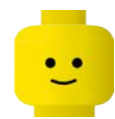

Make the
Great
Pyramid.

Make the
Hanging
Gardens.

Make
The
Sphinx.

Recreate a
famous
piece of art.

Make a
piece of
technology.

Go on a
safari.

Design a
building.

Show the
best day
ever.

Be inspired by a
great piece of
architecture.

Build
Stonehenge.

Recreate your
favourite
moment of
history.

Use only
yellow
bricks.

Make some food.

Make snowflakes.

Make an insect.

Make a dinosaur fossil.

Make a windmill.

Build a bridge that works.

Show your favourite sport.

Go to the wild west.

Make a replica of a popular tourist attraction.

Make a scene with water.

Design a way to hang up a set of keys.

Use only green bricks.

Make a
birdhouse.

Make a
marble run.

Make a
contraption
with simple
machines.

Show
big vs. small

Make the
letters of
your name.

Create a
board game.

Show a
nighttime
activity.

Make a
model plant
cell.

Make something
that runs on
water power.

Design a
weapon.

Design a place
to charge a
cell phone.

Use only
blue
bricks.

Make a
candy
dispenser.

Make
something
that flies.

Make something
you can use in
your home.

Make a
present.

Make a flag.

Throw a mini-
fig birthday
bash.

Make an 8-
bit pixel art
design.

Make a city.

Make a model
of your
house.

and follow
someone else's
instructions.

Design something
while blindfolded.

Make a model
of an Olympic
sport.

Show
"beautiful."

Make something
zoomed in really
close.

Make
something
very small.

Make
something
that starts
with an A.

Make
something
that starts
with a B.

Make something that starts with a C.

Make something that starts with a D.

Make something that starts with an E.

Make something that starts with an F.

Make something that starts with a G.

Make something that starts with an H.

Make something that starts with an I.

Make something that starts with a J.

Make something that starts with a K.

Make something that starts with an L.

Make something that starts with an M.

Make something that starts with an N.

Make something that starts with an O.

Make something that starts with a P.

Make something that starts with a Q.

Make something that starts with an R.

Make something that starts with an S.

Make something that starts with a T.

Make something that starts with a U.

Make something that starts with a V.

Make something that starts with a W.

Make something that starts with an X.

Make something that starts with a Y.

Make something that starts with a Z.

Make a
Christmas
tree.

Make a
gingerbread
house.

Make a
Christmas
ornament.

Make a better
way for Santa
to travel.
