TRANSFER POLICY

Transfer credits from another school shall only be accepted if the student can produce a sealed, certified transcript from a school located in the United States which is licensed or approved by the State. This applies to schools both in and out of Florida. Courses for which credit is granted must parallel in content and intensity with the courses presently offered by the school. Regardless of transfer credits accepted, the student will be required to complete at least 25% of the hours required for completion of the program through instruction taken at Boca Beauty Academy. Credit will depend on the student's ability to perform practical work and his/her theoretical knowledge. Transfer credit will only be accepted from schools outside of the United States if approved by the School Director. For students wishing to transfer between programs, determination is made through an evaluation of their attendance, academic progress. Students transferring from one campus to another and/or from one program to another must meet with the registrar office and submit a transfer request form. Transfer credits will be accepted based on course outcomes and content as described in the programs outline. The students will be notified of the decision within 14 days of submitting the request. It is the student's responsibility to meet with financial aid and ensure that all charges that might occur due to the transfer are covered. There is no guarantee that credit earned at Boca Beauty Academy will be accepted by other institutions. It is the student's responsibility to confirm whether credits will be accepted by another institution of the student's choice.

Transfer appeal process (from one program to another and/or one campus to another):

Any appeals of the transfer evaluation must use this process:

1. Meet with the registrar to provide clarification of the transfer evaluation. If the student is not satisfied with the result of this meeting, she or he may proceed to the next step.
2. Submit a written appeal to the Registrar and Director of Education. The registrar and Director of Education will examine what courses have been completed and make a final determination on the transfer evaluation.

PAYMENT PLANS

Generally, all tuition is required along with the cost of the kit, books, uniforms, and applicable taxes on the day of enrollment. However, if the student can demonstrate that he/she is unable to pay the entire amount on the date of enrollment, payment plans may also be arranged to the satisfaction of the school and the student. Career training loans may also be available through TFC and SLM, a division of Sallie Mae Corp. for those who qualify. A loan processing fee and/or loan discount may apply.

When a payment plan is agreed upon by the student and the school, there will be a finance charge. In addition, for each tuition payment that is late, the school will charge a \$35.00 late fee for each ten (10) days past due. If tuition is not made within 10 days of the due date, the student can be suspended until the account is paid in full to date. All tuition is due on the first (1st) day of each month, unless otherwise stipulated in their enrollment contract.

Applicants to the Cosmetology, Barbering, Full Specialist, Makeup & Skin Care, Massage Therapist, Electrolysis and Paramedical Esthetician Programs may qualify for federal financial aid. Applicants are encouraged to complete a Free Application for Federal Student Aid (FAFSA) online at <http://www.fafsa.ed.gov>. Boca Beauty Academy participates in the following federal financial aid programs:

PELL GRANT:

A Pell Grant is considered to be the first source of aid to the student and packaging begins with Pell eligibility. A student must be enrolled in an undergraduate course of study to receive a Pell grant. A student who has earned a Baccalaureate degree is not considered an undergraduate and cannot receive a Pell grant.

The amount of a Pell grant is determined by the student's EFC on the ISIR, and the Cost of Attendance at an institution. The maximum Federal Pell Grant award for the 2017-2018 Award Year is \$5,920. A Pell grant must be prorated if the student attends less than 900 hours in a year.

DIRECT STAFFORD STUDENT LOANS:

These loans may be obtained through the Federal Government, called Direct Student Loans. An Entrance Interview MUST be conducted with each student who receives a Direct Loan at Boca Beauty Academy and participate in Exit Counseling when the student leaves school. The Direct Loans are as follows:

1. Direct Subsidized Stafford Loan is a need based loan. The subsidized loan made on or after July 1st, 2017 and before July 1st, 2018 has a fixed interest rate of 4.45% and a current 1.066% origination fee. The U.S. Department of Education pays the interest that accrues on the Federal Direct Subsidized Loan while the student is enrolled in school at least part time. The maximum amount that can be awarded in subsidized loan for a freshman is \$3,500. Repayment begins six months after the last day of attendance.
2. Direct Unsubsidized Stafford Loan is a non-need based loan awarded to students who meet the qualifications. The loan is based on the cost of attendance less any other financial aid a student receives. The unsubsidized loan made on or after July 1st, 2017 and before July 1st, 2018 has a fixed interest rate of 4.45% and a current 1.066% origination fee. The amount an independent student can borrow during an academic year is \$6,000. A dependent student can borrow \$2,000 in unsubsidized loan unless the student's parent is denied for the Parent PLUS Loan in which case the student may receive an additional \$4,000. Students have the option to either pay the interest while in school, or have the interest capitalized up to six months after the last day of attendance.
3. Federal Direct PLUS Loan program provides non-need based loans to parents of dependent students. The Plus loan eligibility is based on the cost of attendance less any other financial aid a student receives. The applicant must pass a credit check and is responsible for repaying the Plus loan. The fixed interest rate for a PLUS loan made on or after July 1st, 2017 and before July 1st, 2018 has an interest rate of 7.0% and the current origination fee is 4.264%. Applicants for these loans are required to complete the Free Application for Federal Student Aid (FAFSA).

There are several repayment plans that are designed to meet the different needs of individual borrowers. The student will receive more detailed information on their repayment options from their loan servicer once they consolidate their loan. Payment plan options might not be available to certain borrowers if their loans are currently in default status.

Repayment of a Direct Consolidation Loan can begin 60 days after the loan is disbursed, or sooner. Their loan servicer will let students know when the first payment is due. The repayment term ranges from 10 to 30 years, depending on the amount of the consolidation loan, the status of the loan, other education loan debt, and the repayment plan they select.

Deferrals: If a student has previous FFEL and/or DL Loans, the financial aid office at Boca Beauty Academy can assist the student in placing those loans in Deferment Status. The student must fill out an In-School Deferment request and the financial aid officer will certify the bottom of the form once the student is enrolled in school. The form will be sent by the financial aid office to the loan holder.

TREATMENT OF TITLE IV FUNDS WHEN STUDENT WITHDRAWS FROM A CLOCK HOUR SCHOOL

The Bursar's Office is required by federal statute to calculate the percentage of earned Title IV Funds received or pending to be received and to return the unearned funds for a student who withdrew, was terminated or failed to return from an approved leave of absence. If a student fails to return from a Leave of Absence the Date of Withdrawal is the last day the student attended class before the Leave began. Recalculation is based on percentage of earned aid using the following Federal Return of Title IV funds formula:

Percentage of aid earned = the number of scheduled hours in the payment period completed up to the student's last date of attendance as per the school's attendance records, divided by the total clock hours in the payment period.

If this percentage is greater than 60%, the student earns 100% of the disbursed Title IV funds or aid that could have been disbursed.

If this percentage is less than 60%, then the percentage earned is equal to the calculated value.

Funds are returned to the appropriate federal program based on the percent of unearned aid using the following formula:

Aid to be returned = (100% minus the percent earned) multiplied by the amount of aid disbursed toward institutional charges. If a student earned less aid than was disbursed, the institution would be required to return a portion of the funds and the student may be required to return a portion of the funds. All Title IV funds that the institution must return will be made no later than 45 calendar days after the date the school determines that the student withdrew. NOTE: When Title IV funds are returned, the student may still owe a balance to Boca Beauty Academy. If a student earned more aid than was disbursed to him/her, the institution must send written notification to the student (or parent for PLUS loan funds) to offer a post-withdrawal disbursement for any amount not credited to the student's account no later than 30 calendar days after the date that the school determines that the student withdrew. The institution is required to make a post-withdrawal disbursement within 45 days of the student's date of determination that they withdrew for grants and 180 days of the student's date of determination that they withdrew for loans. Refunds are allocated in the following order:

- Unsubsidized Federal Stafford Loan
- Subsidized Federal Stafford Loan
- Federal Parent (PLUS) Loan
- Federal Pell Grant
- Federal Supplemental Opportunity Grant
- Other Title IV assistance
- State Tuition Assistance Grants (if applicable)
- Private and institutional aid
- The student

STUDENT LOAN CODE OF CONDUCT:

Boca Beauty Academy understands that ensuring the integrity of the student financial aid process is essential to providing students fair and affordable access to higher education. The Code of Conduct prohibits activities which may create conflicts of interest in the student financial aid process between the institution and its students. This Code is in accordance with the requirements of the federal Higher Education Opportunity Act of 2008 ("HEOA") and incorporates all terms set forth in the HEOA. Accordingly, Boca Beauty Academy shall take reasonable steps to comply at minimum with the following principles in day-to-day financial aid operations:

- The institution's officers, and employees may not receive directly or indirectly, points, premiums, payments, stock or other securities, prizes, travel, entertainment expenses, tuition payment or reimbursement, the provision of information technology equipment at below market value, additional financial aid funds or any other inducement from a guaranty agency or eligible lender in payment for securing applicants for FFEL loans.
- The institution or its employees may not provide names and addresses and/or e-mail addresses of students or prospective students or parents to eligible lenders or guaranty agencies for the purpose of conducting unsolicited mailings, by either postal or electronic means, of FFEL student loan applications.
- The institution will not allow any employee of the guaranty agency or eligible lender to perform any school-required function for a school participating in the FFEL Program, except exit counseling. The institution will not permit guaranty agencies to conduct fraudulent or misleading advertising concerning loan availability, terms or conditions.
- Boca Beauty Academy will not permit an employee to enter into a consulting arrangement or another contract with an eligible lender.
- The institution will not permit an employee working in the student financial aid office to serve on an advisory board for an eligible lender.

WITHDRAWAL FROM THE SCHOOL

Official Withdrawals

An official withdrawal is defined as a student initiated withdrawal. A student may officially withdraw from his or her training. A student electing to withdraw from the program must schedule a meeting with the School director or their designee to discuss the reasons for withdrawal. This withdrawal must be in writing addressed to the Director explaining his or her reasons and the date the termination is to be effective. Termination will not be accepted prior to receipt of said notification.

Un-Official Withdrawals

An un-official withdrawal is defined as an institution initiated withdrawal. If a student is absent for 14 consecutive calendar days without an approved LOA, fails to meet SAP standards for two (2) consecutive evaluation periods, or terminated for violation of any of the rules or regulations will be considered an un-official withdrawal.

Federal financial aid awards will be adjusted according to federal regulations, which stipulate that a student who withdraws retains aid in proportion to the percentage completed of the enrollment period in which he/she was enrolled. Students are strongly encouraged to contact the Financial Aid Office prior to withdrawing to determine the financial impact of their withdrawal from Boca Beauty Academy.

ATTENDANCE

Attendance is one of the most important factors in student success (course completion and graduation). Satisfactory attendance is vitally important and is a requirement of all students. All absences are recorded and made a part of the student's permanent record. Students are responsible for notifying the Instructor or administration when they are to be absent or tardy. Any student missing fourteen (14) consecutive days of scheduled classes will be dismissed from school (Administrative Termination), unless the student is on an approved Leave of Absence or if extenuating circumstances exist which are approved by the School Director. The student will also be charged for each class that must be repeated due to forced withdrawal or due to failure of a class associated with poor attendance (See tuition & fees for details on these charges). Legal and school holidays, breaks, and class cancellations (i.e. weather conditions, etc.) are not included in calculations for class attendance and therefore are not considered as days of absence.

Veteran's Attendance Policy

Early departures, class cuts, tardies, etc., for any portion of a class period will be counted as one absence. Students exceeding 20% total absences in a calendar month will be terminated from their VA benefits for unsatisfactory attendance. In order to show that the cause of unsatisfactory attendance has been removed, students must show good attendance (as defined) for one calendar month after being terminated for unsatisfactory attendance. After such time, the student may be recertified for VA education benefits. The student's attendance records will be retained in the veteran's file for USDVA and SAA audit purposes.

TARDINESS

Failure to report for class when the class begins is classified as tardy. A tardy is defined as arriving more than 15 minutes after the class start time. In such instances, time will be deducted in 15 minute increments.

Late students must receive a pass from the Registrar Department before being admitted into class. If after initial reprimand the tardiness continues, the student may be suspended or terminated, subject to extenuating circumstances, the student's progress, and the discretion of the Dean.

Department of Veterans (DVA)

While it is preferable that all students report to the institution for exit interviews upon withdrawal from courses, it is mandatory that students receiving Department of Veterans (DVA) benefits must report to the institution immediately upon withdrawal or dropping. In addition, recipients of veterans' educational benefits must comply with the attendance requirements mandated by the State Approving Agency (SAA).

Make-Up Work Theory/Clinics

Makeup hours are Monday through Friday 9:00 AM to 3:00 PM, Monday through Thursday evenings 6:00 PM to 10:00 PM and Saturday from 10:00 AM to 4:00 PM.

Make-up work may be assigned to enable a student to progress in a timely manner. Scheduling of make-up work is left to the discretion of each Instructor. It is the student's responsibility to acquire any and all work missed and be ready for upcoming tests or assignments. Regardless of whether students are allowed "make-up work," students are responsible for comprehending all course material taught.

Clinics

Students refusing to participate in required clinical services will be sent home for the day and be charged absent hours accordingly.

SATISFACTORY ACADEMIC PROGRESS (SAP)

Process Overview & Responsibilities

Federal Regulations require that schools monitor the academic progress of each student. The school developed policies to determine the academic standards that students are expected to meet and built a means and schedule of measuring the achievement of SAP.

Satisfactory Academic Progress is measured by Qualitative and Quantitative Standards.

Qualitative Standards

1. The student's Cumulative Grade Point Average (CGPA) OF 75% or above

Quantitative Standards

1. Pace/ Rate of Completion above 67%. Pace is the rate at which a student completes the requirement for their educational goal and is calculated by dividing the total number of clock hours attempted by the total number of clock hours scheduled.
2. The Maximum Time Frame (MTF) allowed to complete the academic program is 150%. All students must satisfactorily complete their program within 150% of the normal timeframe.

Increments

To ensure the student is making sufficient progress both quantitatively and qualitatively, the school's SAP policy divide the maximum time frame into equal evaluation periods called increments. These increments generally coincide with payment periods. But in any case, it cannot be longer than half the program or one academic year, whichever is less.

For example, in a 22 credit program, an increment must not exceed 11 credit hours. See sections 668.16(e) (2) (ii) (B) and 668.34(e) of HEA 1965 for details on the federal regulations.

Failure of having too many absences and not making up hours could result in the student not meeting their required rate of Completion of 67% and above, which is one of the components of Satisfactory Academic Progress (SAP).

PACE MEASURE OF SATISFACTORY ACADEMIC PROGRESS

Quantitative Measure

The school's satisfactory academic progress policies must contain a Pace (quantitative) measure. The policy defines the pace that our students must progress to ensure educational program completion within the maximum timeframe. This maximum timeframe is no longer than 150% of the published length of the educational program as measured in the cumulative number of clock hours the student is required to complete.

Timeframe - All students must satisfactorily complete their program within 150% of the normal timeframe.

<u>Title IV Eligible Programs:</u>	<u>Normal FT Time Frame</u>	<u>Maximum FT Time Frame</u>
Cosmetology	40 weeks	60 weeks
Barbering*	40 weeks	60 weeks
Full Specialist	20 weeks	30 weeks
Electrolysis**	11 weeks	16.5 weeks
Paramedical Esthetician**	22 weeks	33 weeks
Makeup & Skin Care**	20 weeks	30 weeks
Massage Therapist*	21 weeks	31.5 weeks

*Programs offered at the Parkland location only

**Programs offered at the Boca Raton location only

At the midpoint of the maximum timeframe, students must have successfully completed 1/2 of the program's credit hour requirements. For example: The maximum timeframe for the Cosmetology program is 60 weeks. The total clock hours needed for completion of this program is 1200 hours. By the time the student has been in the program for 30 weeks (1/2 of the maximum time frame), they must have earned at least 600 clock hours. This time frame is applicable for all students including those who did not receive financial aid.

To calculate PACE take the cumulative number of hours the student successfully completed divided by the cumulative number of hours the student attempted. So if we take a clock hour school with a 1200-hour program, at the end of each payment period the student is expected to have attempted 600 hours and completed 600 hours to complete the program within the allotted normal time frame of 40 weeks. As an example, if the student only completed successfully 400 hours we would divide 400 by 600 or 67%. Based on this, we must determine if a student could complete the program within 150% of the time allotted for the program, or 60 weeks. The student has 40 weeks remaining and could complete the remaining 800 hours within the time frame, therefore the student is making satisfactory pace progress.

Qualitative Measure

As per sections 668.16(e) (2) (i) and 668.34 of HEA 1965, the school follows a qualitative measure. The measurement is graduated. The following policy provides a detailed description of how qualitative progress is monitored and by whom. Boca Beauty Academy realizes that, oftentimes, students must make an adjustment to the academic demands of pursuing an education. The financial aid office receives information about Title IV recipients from the Education Office. The SAP is reviewed manually, and a copy of the latest transcript is kept on student file. The office of financial aid notifies students of their progress or lack of progress at the end of each payment period. The student must be at a high enough grade point average to be able to reach graduation standards.

Grading System

The grading scale for the Programs is as follows:

<u>Numerical Scale</u>	<u>Points</u>
90 - 100	Excellent
80 - 89	Good
75 - 79	Passing
Below 75	Unsatisfactory

Pass - Satisfactory completion
Fail - Unsatisfactory completion

The student must maintain a 75% overall average at the end of each payment period to maintain Qualitative academic progress. The students who have failed to meet the Qualitative standards are first placed on Financial Aid Warning; if no improvement over the next evaluation period, they may appeal the decision and be placed on Financial Aid Probation. The Director of Financial Aid in coordination with the Registrar/Dean Department monitors qualitative progress.

Transfer Students

The School will count transfer hours/credits that apply toward the student's current program in determining SAP. Transfer hours will be counted as both hours attempted and hours completed. A student who changes their program will be considered as a transfer student into the new program.

Absences

If a student is unable to attend class, it is recommended that they attempt to contact the school in advance. Absent students are required to make up all hours missed, except for excused absences as detailed below. The student will need to contact the Registrar to schedule make up hours.

Excused Absences

For purposes of disbursing Title IV funds, a student can have up to 10% of clock hours in each payment period considered as excused absences. Such excused absences do not need to be made up.

Student Appeal Procedures

A student, who wished to appeal a disciplinary action and/or decision made in reference to the Satisfactory Academic Progress policy, must submit a typed letter to the School Director. This letter must contain information about the student's reason regarding the action and/or decision and reasons why the student is wishing to appeal. Students must provide supportive documentation along with their letter in order to support their position and any mitigating circumstances that may have existed. The Director will hear any student who disagrees with a SAP decision, on an appointment basis only.

The student will be notified of the Directors decision within fifteen (15) business days following the receipt of the student's appeal letter. additional time may be taken to thoroughly review student's appeal. A student, who wishes to appeal any SAP decision made by the Director, must submit a typed letter to the CEO with supportive documentation explaining the reason why the student is wishing to appeal the decision. The CEO will notify the student within fifteen (15) business days of the receipt of the letter, additional time may be taken to thoroughly review student's appeal. The CEO's decision shall be final.

Reinstatement

A prior student requesting to be reinstated as an active student, based on whatever reasons or circumstances, should do so in writing. Supportive documentation and/or information concerning any mitigating circumstances should be noted in the request. The requesting prior student shall be notified of the Reinstatement Review within 5 days following the decision of School Director. If the Student is to be reinstated, they will return under the same status as when they left the school.

To be eligible for Title IV aid, a student must maintain satisfactory academic progress (SAP) as per section 668.16(e) of HEA 1965. New SAP definitions were created in 668.34 that went into effect on July 1, 2011. The school developed policies determine the academic standards that students are expected to meet and built a means and schedule of measuring the achievement of those Pace and qualitative standards.

If the student has made acceptable Pace and qualitative progress for that particular increment, then the school reviews the 150% of the maximum allowable time frame criterion to measure student's SAP. SAP standards are established and monitored by the Registrar. The relevant SAP policies are summarized below.

All students must maintain Satisfactory Progress according to the following standards in order to continue enrollment. Satisfactory Progress is measured at the end of each payment period, and will be checked prior to disbursement of aid.

SATISFACTORY ACADEMIC PROGRESS AND FINANCIAL AID

Same As or Stricter Than

The school's SAP policy for Title IV students is the same as the school's standards for students enrolled in the same educational programs who are not receiving Title IV aid. The Director of Financial Aid reviews the Title IV SAP policy to ensure it meets all federal requirements. The Director of Education notifies the Financial Aid Dept. if the school changes its academic policies.

The students who have failed to meet the Pace standards are placed first on Financial Aid Warning; if no improvement over the next payment period, they may appeal the decision and be placed on Financial Aid Probation. The Director of Financial Aid in coordination with the Office of Registrar monitors Pace progress.

Financial Aid Warning

If the student has not maintained a CGPA of 75% or above and has not completed 67% of scheduled clock hours, the school will certify that the student is not making Satisfactory Academic Progress (SAP) and the student will be placed on Financial Aid Warning status. These students may continue to receive financial assistance, and will be counseled on potential loss of eligibility.

If the student does not make SAP at the end of the next warning period, they lose their financial aid eligibility. The student has the opportunity to have their financial aid eligibility reinstated by appealing the decision and being placed on Financial Aid Probation.

Financial Aid Probation

When the student does not make SAP at the end of the next payment period, the student is now informed that they can appeal and must win the appeal to be placed on Financial Aid Probation. The student must advise the school as to why his/her grades have fallen below SAP and what has change that enables them to do better during the next payment period. A student may file an appeal due to a death in the family, illness, or other extenuating circumstances. The appeal must be in writing to the School Director explaining what caused the problem. The student would have to submit how circumstances have changed that will allow him/her to attain satisfactory academic progress once the probationary period is over. The student will receive a written decision as to the status of their appeal.

Students on financial aid probation, who fail to make satisfactory academic progress by the next payment period, will lose their financial aid eligibility.

ACADEMIC PROGRAMS

The Current Programs are described in detail in this catalog on page 5 through page 21.

NET PRICE CALCULATOR

Boca Beauty Academy provides a Net Price Calculator. The Net Price Calculator is accessible on our website www.bocabeautyacademy.edu and is designed to give our students an indication of how much and what types of financial aid they might qualify for while attending school full-time in the academic year indicated. The calculator measures the financial strength of the student's family, and uses other facts the student provides to estimate the amount of grants, scholarships and other financial aid that might be available to them. The "net price" is the difference between that amount and the cost of attendance. The estimates generated by the template do not represent a final determination, or actual award, of financial assistance or a final net price; they are only estimates based on price of attendance and financial aid provided to students in a given year. Actual attendance cost may be different based on a variety of factors and circumstances not incorporated within the Net Price Calculator. Results calculated are simply non-binding estimates of attendance costs.

The financial aid office will establish the student's eligibility based on the information they reported on the Free Application for Federal Student Aid.

PRICE OF ATTENDANCE

Boca Beauty Academy must disclose the tuition and fees the institution charges a student for completing the program within the normal time frame. The Tuition and fee disclosure is posted on the school's website www.bocabeautyacademy.edu and is also given to each and every student upon enrollment. The Tuition and Fee Acknowledgement form is maintained in the student's file.

PRIVACY OF STUDENT RECORDS

The Family Educational Rights and Privacy Act (FERPA) of 1974 establishes the rights of students with regard to educational records. FERPA applies to all persons formerly and currently enrolled at an educational institution. Access to educational records does not give permission to make changes to the student's record. This authorization is valid until canceled. The student may cancel this release at any time by submitting another FERPA form to the Boca Beauty Academy Registrar's Office. The FERPA form is given to each and every student upon enrollment and the acknowledgement form is kept in the student's file. This Act also ensures that the records cannot be released, other than in emergency situations, without the written consent of the student, or the parent/guardian if the student is a minor, except under the following situations:

1. To other school's officials, including faculty within the educational institution or local educational agencies who have legitimate educational interest.
2. To officials of other schools or school systems in which the student intends to enroll, upon condition that the student be notified of the transfer, receive a copy of the record desired and have an opportunity for a hearing to challenge the contents of the record.
3. To authorized representatives of the Comptroller General of the United States, the Secretary of Education, and the administrative head of an educational agency, or state educational authorities.
4. To authorized legal professionals by order of a subpoena.
5. All pertinent records, grades, services, and hours earned by each student are recorded and kept permanently on file at the school office or school storage facility. Students may inspect their records upon advance request to the school office.
