Centerra Reports Temporary Suspension of Boroo Operations

Toronto, Canada, June 14, 2006: Centerra Gold (TSX:CG) reported today that as a precaution it has suspended operations at its Boroo mine in Mongolia. This action is in response to a demonstration by about 100 protesters at the mine site today. The demonstrators are led by the Popular Party, a small party on the fringe of Mongolian politics that has recently been criticized by the Mongolian Cabinet for its statements with respect to the Boroo project. The Cabinet stated that Boroo conducts its operations in accordance with Mongolian law and that the demands of the Popular Party are illegitimate and unconstitutional.

Centerra has a history of cooperative relations with the Government of Mongolia and intends to work closely with police and governmental officials to ensure the prompt resumption of normal mine operations.
