

Auto Addition

Get in the Car!

2 players

Start Your Engines!

2 two-color counters

Drive to the Picnic!

- Each player selects a different color counter and places it on the matching **START** color.
- Players follow the highway color that matches the color of their counter.
- Players complete the addition problem to get to the first Stop Sign. Use paper and pencil to solve. Players will check each other's answers.
- If the player's answer to a problem is wrong, the player does not move forward. The player must wait until his or her next turn to try to solve the problem again.
- Players take turns solving addition problems in order to move to the next Stop Sign.
- The first player to reach the picnic wins the game.
