

3. **MP Model with Mathematics** To get from the George Washington Equestrian Statue to the White House in Washington, D.C., a tour group can follow Pennsylvania Avenue, or they can travel across K St. NW to a hotel and then follow 16th St. NW.

A. How far will the tour group walk if they follow Pennsylvania Avenue? Round to the nearest hundredth.

B. Which route is shorter?

Is he correct? Explain.

4. **Open Middle™** Using the digits 0 to 9 at most **one time** each, place a digit in each box to find possible lengths for the missing sides.
