Performance Overview

Size	Style	Reach Height	Load Capacity	Type	Performance Rating
28 ft	Multi Section	27 ft	300 lbs	Type IA Duty Rating	

The D6228-2 fiberglass extension ladder has non-conductive rails making this ladder ideal for w orking near electricity. With a duty rating of 300 pounds, the D6228-2 is durable and long lasting. The exclusive ALFLO® rung joint means TWIST-PROOF® performance on the job. The TRACTION-TRED® D rungs are slip resistant and the side rails are interlocking. The dual action feet are for use on hard or penetrable surfaces and sw ivel easily. The base and fly sections separate easily to use the base section as a single ladder. The durable rail shield bracket and shoe help protect the bottom of the rail. The fly section rails are pre-pierced at the top for easy field installation of accessories.

BUY NOW
