### *Family Blessing*

#### **Materials**

Paper, crayons or markers

#### **Instructions**

1. Pass out the supplies to the kids and have them draw a picture of a good memory with their family or friends.
2. After they are done drawing, allow for discussion. What are they doing in the picture? How does it make them feel?
3. Have the kids think of a time where they were arguing with their family members or friends. How did this make them feel?
4. Compare the two different scenarios and discuss what a blessing it is when your family and friends are united instead of arguing.

#### **Point**

It is a blessing when we are united together. While David was king, God blessed Israel in this way by uniting the promised land together. Discuss how the Israelites might have felt when God blessed the Israelites in this way.
