

Activity 13

Cross

Formed

Kids

How did King David wish to show his love for Yahweh?

King David desired to build a house for Yahweh.

Amazing Blueprint

Materials

Paper, crayons or marker

Instructions

1. Pass out paper and coloring supplies, and tell the kids to make a blueprint of what they think the house that David wanted to build Yahweh looked like.
2. After they are done designing, have the kids showcase their blueprints to others.
3. Ask them to explain why they designed it the way they did. Would they be excited to build it if they had the opportunity?

Point

King David had a desire to build a house for Yahweh. He probably had a lot of ideas of what he wanted it to be and how he wanted it to look since he wanted to honor the Lord and have God's name be magnified. Dream with David... how excited do you think he was to create something for Yahweh?
