How did King David wish to show his love for Yahweh?

King David desired to build a house for Yahweh.

Building Worship

Materials

White paper

Liquid glue

Pompom balls or cotton balls

Steps

1. Write the word worship on the white paper using liquid glue.
2. Attach pompom balls to the glue to build the word worship.
3. Allow for drying time.

The Point

David wanted to build a place for worshipping God. The worship of Yahweh was to be the center of life in Israel, and David desired to make that happen. Worship should be the center of our lives. Just like you built the word worship, we should build our lives on worshipping God.
