

# Activity 11

Cross

Formed

Kids

How did Abraham bind himself to God?  
Abraham showed that he trusted God's  
faithfulness completely.

*Reverse Red Rover*

## Materials

None

## Instructions

1. This game functions just like the classic game, except instead of the opposing team daring someone from the other team to come over, a team will send a member of their own team over.
2. They will chant "reverse red rover, we send (ex: Isaac) over." The idea is for the one sent to breakthrough, so that they can bring back a member of the opposite team.
3. Play until one team has all but one person on its side. Alternately, you might focus on the sacrifice element of sending a team member across with no guarantee they will be back.

## Point

Explain that we each trust our friends and family to do small things for us, but God asks us to trust him with everything, even our own lives.
