Kids

**What did God require from Abraham?
God required only that Abraham trust the
promises of God.**

Truth and Hope

Materials

Index cards with questions on them

Instructions

1. Give everyone in the group a card with three questions on it. Leaders should prepare these cards before the beginning of class.
2. Once everyone has a card, instruct the students to answer two of the questions truthfully, but to answer one of the questions hopefully. So two things that are true, and one thing they hope will be true soon.
3. Next, each of the kids will read their three questions and answers, and the other kids will try to guess which one is not true, but hopeful. If you want to keep score, you could see which kid guesses the most correctly.

Point

Abraham had to trust God not just to take care of him and what he already had, but to provide him with things that seemed impossible.
