Kids

**How did God love Abraham?
God spoke with Abraham and protected
him always.**

Telephone

Materials

2 paper cups
String or yarn
Sharp Pencil
Markers

Steps

1. Give each child a paper cup, a pencil, and markers.
2. Give them time to decorate their cups using the markers. Have them write the phrase "God talks" somewhere on their cup.
3. Poke a hole through the bottom of the cup using the pencil.
4. Thread some string through the hole of one cup and knot the string so it cannot slip through the hole. Then do the same thing on the other side of the string, with another cup to connect them together.
5. Now, they can use them as a telephone to whisper secrets. The string has to be pulled tight for the sound waves to carry.

The Point

God loves us too, and because he loves us, he has spoken to us through his Word. He will speak to us in special ways to reveal his plans.
