

# Craft 3

Cross

Formed

Kids

What was the first promise God gave to Abraham?

God promised to bless Abraham with many children.

## *Constellations*

### **Materials**

Black construction paper  
Star stickers  
White crayons

### **Steps**

1. Give each child a piece of construction paper and a set of star stickers.
2. Guide them to make a shape using the stars, and the stars should be spaced apart.
3. Encourage them to make a shape that represents something that God promises them. For example, a cross for eternity with him.
4. Then they will connect the stars using the white crayons to create a constellation.

### **The Point**

God promised Abraham children that would outnumber all the stars in the sky. It didn't happen in Abraham's time, but it

happened in God's time, which is perfect. God's blessings are different than we expect, and they are better than we could ever imagine.
