Who is Israel?

Israel is the forever family-nation of God.

A Reaaaalllllllyyyy Long Time

Challenge the kids to a little physical contest. The whole idea here is to help them think a bit about the concept of “a long time” or “are we there yet” to tie into the illustration.

Have the kids line up against a wall. Once they’re all in place, have them get into a seated position with only their backs and palms touching the wall. (Those of you who have spent much time working out will recognize this as a “wall sit”). Let them know that whoever stays in position the longest will win a prize of your choosing.

Afterwards, talk about how long they were able to stay in place and help them think about how long forever must be!
