

# Activity 4

Cross

Formed

Kids

Why did Egypt cease to be a blessing to Israel?

Pharaoh believed he led such a great nation that he did not need God.

## *A Little Help*

### **Materials**

Space for kids to make a circle

Make sure kids are all wearing shoes and socks

### **Instructions**

1. Instruct the kids to take off their shoes and place them in the center of the room.
2. Now help the kids form a circle with each child holding the wrist of the person on his/her right side. The result will be that each child's right hand is unavailable but each child's left hand has free fingers.
3. Now the fun begins. Instruct the kids to get everyone's shoes back on as quickly as possible without letting go of one another's wrists. Time it, and see how the time can improve with repeated efforts.

### **Point**

No one is so great as to never need help. Pharaoh is no exception.
