

# Activity 8

Cross

Formed

Kids

How did God rescue the family of Israel from exile and slavery?  
God sent 10 plagues on Egypt and humbled them until they let his people go.

*Will the real God Almighty please stand up?*

## **Materials**

- a few rocks
- rock candy/chocolate rocks
- something to smash the rock candy

## **Instructions**

1. Place the rocks and rock candy in front of your child. Rock candy was made to resemble rocks! Does it? How are they the same? How are they obviously different?
2. Feel the rocks. Try to smash each one gently. You can even eat the candy rocks! What would happen if you tried to bite the real rocks?
3. The rock candy may look a lot like real rocks, but it can't do what real rocks do. We can't build with it, make jewelry from it, or mark our gardens with it. And I don't think rock candy would have done much damage against a philistine... No matter how realistic the rock candy may be, it won't hold up. It will melt or crumble or dissolve. It's not a rock!

## **Point**

Throughout, many people or religions have tried to imitate God. Even during the Exodus, Pharaoh's followers tried to replicate the things God did through Moses in small ways. But there is NO ONE like God! Pharaoh could not deny his power and had to submit to it. It was the Lord Almighty, and Him alone that rescued Israel out of captivity through 10 miraculous plagues.
