Steps

1. Flatten the coffee filter into a circle.
2. Use the blue and green to create oceans and land to represent earth.
3. Fill the water dropper with water, and release drops of water on the coffee filter. The colors will run to create a tie-dye appearance.
4. Trace your child's hands on the skin color construction paper.
5. Cut out the hands and glue them to the coffee filter to give the appearance of the hands holding the earth.

The Point

Remind them that God's forever plan is to bless all creation. The coffee filter art represents the earth that holds some of God's creation. We are to care for His creation.
