How did God fulfill His promise to bless Israel with a land of their own?

God gave Israel victory over all their enemies and presented to them a land filled with milk and honey.

*Milk and honey promise*

## Materials

Yellow or brown construction paper

White liquid glue

White glitter, white sand, or salt

## Steps

1. Use the liquid glue to write the word promise in the center of the yellow or brown construction paper.
2. Cover the glue in white glitter, white sand, or salt.
3. Shake the excess glitter, sand, or salt into the trashcan.
4. Allow for the glue to dry.

## The Point

Remind them that God fulfilled his promise to Israel by giving them a land filled with milk and honey. The yellow or brown

construction paper represents honey, and the white word promise represents milk.
