Mirror in your house

Steps

1. Using the index card, write a verse or promise to memorize.
2. Place the index card on your mirror for memorization while getting ready for the day.
3. Another option is to use a dry erase marker to write the verse or promise directly on the mirror.

The Point

Moses represents Israel before God, and he reflects God before Israel. As we look at our reflection in the mirror, we can memorize scripture or promises. When we have these in our hearts and minds, we can better reflect God to others.
