

The Bible, My Treasure

This week in Children's Worship, the kids will learn about the value of Scripture. Our lesson this week is unique in that you are asked to choose your favorite Scripture passages and share how they have impacted you. What an incredible opportunity to share with your class what God has done in your life!

To help you prepare the passages you will share with the class, please consider a few questions below:

- What are three different Scripture passages that are especially meaningful to you?
 1. _____
 2. _____
 3. _____
- Why are these passages meaningful to you? What was happening in your life when you found these passages?

Take a moment to read Jeremiah 15:16.

- What is significant about the word "ate" in this passage? Why not just use the word "read"?

Unlike our fast-paced culture that eats many of our meals on the go, in ancient culture eating was a time to come together and be nourished. Oftentimes, when we read Scripture we read to check it off the to-do list, rather than taking the time to slowly consume and reflect upon it.

- When you read Scripture, are you "eating" the words and allowing yourself to digest Biblical truths?

Let's pray:

Father, we thank You for giving us Your Word for without it we wouldn't know You. Please help us to slow down and consume Your truth. Please make Your Word alive to us and let it speak boldly in our lives. Grant us the wisdom and dedication we need.

In Your Name we pray,

Amen.
