ABOUT RAY & DONNA

Ray and Donna Reish are the homeschooling parents of seven children, ages seventeen to thirty-three. Donna has written over sixty curriculum books for two publishers over the past fifteen years, including, among others, *Character Quality Language Arts*, *Meaningful Composition*, *Write On*, *Mowgli* (ebooks and print books), and the *Letters and Sounds* series. (Watch for her upcoming *Write On*, *Alice* and *Write On*, *Peter Pan* books Summer 2016!)

Donna also writes parenting downloads for families, such as her *Character Pies*, *Keep Kids Close Coupons*, *Four D's of Behavior*, and more. Additionally, she has a Youtube channel (*Character Ink*) and podcast (*Wondering Wednesday*). The couple owns and operates a homeschool publishing company and cottage class provider, Character Ink Press (CI--formerly Training for Triumph). Donna (along with her oldest son, Joshua) tests her books with over one hundred students each

semester in the Fort Wayne, Indiana area. Ray and Donna also write and present seminars for their family ministry, *Raising Kids With Character* (RKWC) parenting seminar and blog.

Ray and Donna have graduated all seven of their children (as of May 2016) after raising all of them in the relational, character-based way that they teach in their seminars and workshops. The couple lives in Fort Wayne, Indiana where they test their books and products with homeschooled students, blog about parenting and language arts, write and publish books, share about and sell Plexus health and weight loss supplements, spend tons of time with all seven of their kids, ballroom dance whenever they get a chance, and help homeschoolers and parents in their area in any way they can.

They are available to speak and vend at homeschool conventions, churches, and communities about Christian parenting, language arts, writing, homeschooling, home management, Plexus, and more!

Choosing the Right *Meaningful Composition* Book(s) for Your Students

Here are some details that you might want to know about *Meaningful Composition* and choosing the book(s) for your student(s):

1. While MC has **grade levels assigned to each book** (2 I for first semester; 2 II for second semester; 3 I for first semester, etc.), **those are simply designated for general leveling.**

As you can see by the boxes that follow, a student in fourth grade does NOT have to do a Level 4 book---you may pick and choose according to your child's strengths and interests. (Again, the boxes that follow will help you see this, as will viewing/printing off/trying our free samples.)

2. **If your student is new to CI's writing approaches, we recommend that you try a first semester book close to your student's grade level** (or below it) for one semester.

The first semester books from grades four through (and including) grade nine all teach our beginning methods of "How to Do a Sentence-by-Sentence Outline Over Given Material" and "How to Complete the Checklist Challenge," etc.

3. **Once a first semester book is completed, your student may desire to do a more type-specific book from our second semester ones** (i.e. Creative Writing in 3II, 5II, 7II, 9 II, or 11 II; essay writing in 4 II, 6 II, 10 I, and 11 I; Research Report writing in 8 II, 10 II, and 12 II).

If you are teaching a group of students and you do not want just one type of writing, you will want to do any first semester book up through (and including) 9 I.

4. Again, please feel free to **print off some samples and even use them with your student(s) before purchasing.**

The lessons will not be sequential like they are in a complete book, but if you print off four to six weeks of lower level lessons and work through them with your student (two weeks from two or three different books), you will get a good feeling for how he will do with the book that you think is more at his grade level.

*See our blog for availability of these levels of all books: characterinkblog.com and characterinkstore.com.

SEMINARS

your children. It is for parents of kids **ages birth to twelve** or so. (A follow up seminar is *Raising Tweens and Teens With Character!*) We have had several opportunities to present the seminar (and improve it!) over the past few years in our area, and we would love to bring it to your church, small group, homeschool group, etc. It is **not homeschool-specific** so it is a good opportunity for homeschoolers to serve their church in general by offering it.

The *Homeschooling With Character* seminar can be sponsored by a church, Sunday school, small group, community, homeschool group, support group, field trip group, state homeschool organization, etc. It is for any group of **homeschoolers who want to learn about character-focused parenting from birth to tweens—**with a **special emphasis on the homeschool lifestyle.** Additionally, we **can add homeschooling workshops** to the beginning or end of it **or add language**

arts/writing workshops during the week for parents and/or students! Note: Check out our dozens of topics for homeschool conventions and support group meetings, etc., on dozens of topics related to homeschooling, parenting, teaching, language arts, writing, and much more!

PRODUCTS

The TRI-PLEX Combo gives you the ability to get healthy from the inside out! With Bio Cleanse, ProBio 5, and of course, Plexus Slim, you'll love how you feel with this healthy combo pack.

Plexus Slim, the "pink drink," is an all-natural, healthy solution that helps you lose weight and inches by burning fat, not muscle. It helps keep blood sugar, cholesterol, and lipids at healthy levels; reduces carb and sugar cravings; promotes amazing, restful sleep; and gives an all-over feeling of health and vitality. It is a daily drink mix that is stirred or shaken into water (no blending required). It is not a meal replacement, but is a delightful (cherry-pomegranate) daily drink of health and wellness.

One of the best things you can do for your health is maintain a balanced intestinal system. ProBio 5 was specifically designed to encourage balance in the body through the intestinal tract. ProBio 5 may help replenish internal flora to its proper state of balance in the body, which may create an intestinal system that is less likely to promote the overgrowth of 'less health' bacteria.
