

SERVICE BULLETIN

CAB SERVICE & PARTS CORPORATION

NEW YORK AND CHICAGO

3/25/53

Subject: Code for Service Bulletins issued for model A6-A7 Parts Catalog

Method: Each bulletin number will consist of the following component parts---

1. Model Number (In this case A6)
2. Group Number (As listed in parts catalog)
3. Bulletin Number (Numerical sequence)

EXAMPLE 1

<u>Model</u>	<u>plus</u>	<u>Group Number</u>	<u>plus</u>	<u>Numerical</u>	=Complete Bulletin Number
A6	+	14	+	1	= A6 - 14 - 1

Explanation: Bulletin A6-14-1 would indicate that it was a change for model A6, the 14 indicates that the change is in the fuel system and the 1 indicates that it was the first change in that group.

EXAMPLE 2

A6-7-5

Explanation: This bulletin would be the fifth one issued on the model A6 Engine.
