ENGINEERING MEMO. #110

TO: Memo Distribution
FROM: R. G. Fuller
SUBJECT: STEERING LINKAGE CHANGES

New Steering Arms will be used on all models. The serial number of cars, to which the new steering arms have been assembled, should be forwarded to Engineering for recording. Reworked Steering Arms will be considered new.

A Tie Rod Assembly 701555, released for all models except "rail car", may be used only on the left side of non-power steering cars until stock of old tie rod 701010 is used up. "Rail car conversions" shall be treated as custom built jobs using the new arms, but without changes in the Tie Rod Assembly 701399.

New Parts for all Models

702735 LH	Steering Arm LH	old 94399 LH
702736 RH	Steering Arm RH	old 94400 RH
701555	Tie Rod Assembly	old 701010

Chassis no. for new Tie Rod on left side only was not reported.

1st Aerobus using (2) Chassis no. 1446

1st Cab & Pass. Car using (2) Chassis no. 28548

Chassis no. added 10-7-65;
