Rev. 11-17-65

ENGINEERING MEMO #133

TO: Memo Distribution
FROM: S. Wilson
SUBJECT: ADDITION OF MOLDING TO A-11E ROOF

At the request of Production, a molding similar to the Aerobus design will be added to the roof for Model A-11E. This will not affect A-12E which will continue as is.

This revision will be effective as determined by Production. Record should be made of actual Chassis Serial Number.
