ENGINEERING MEMO #135

TO: Memo Distribution
FROM: R. G. Fuller
SUBJECT: NEUTRAL SWITCH GUARD #702778

A new part added to prevent the driver's toe from being engaged under or above the neutral switch is released. Installation, per SK-2655, on either 701473 or 701474 Shifter Assemblies will be possible in Production and Service in the near future.

Guard incorporated on Chassis 40082 - Jan. 11, 1966
(Chassis 2006 Aerobus)

Aerobus Chassis NO. Added 1-21-66
Chassis No. Added 1-13-66
