ENGINEERING MEMO #137

TO: Memo Distribution
FROM: R. G. Fuller
SUBJECT: TAILPIPE FOR A-12W, A-12W6 & 8

Exhaust Muffler Outlet Pipe #702560 is being released for use on all vehicles with station wagon type body.

The support bracket that has been used for the tailpipe, and was welded to the frame, is now replaced for all the above models. The Bracket, 701645 will be bolted to the right rear bumper bracket at assembly to the car, and used as required in Service Installations.

Release:

701645 Bracket Assembly-Muffler Outlet Pipe A-12,A-12W6&8 1 Req'd
702806 Bracket-Muffler Outlet Pipe A-12W, A-12W6&8 1 Req'd
